AURORA, ONTARIO**

# HEADMASTER'S PRIZE DAY ADDRESS

Mr. Chairman, Ladies and Gentleman, Andreans. This is a special prize day, not because I can join the distinguished ranks of students receiving what we call the "long service medal" for leaving after being here for seven years but for other reasons that have nothing to do with me.

First let me welcome all of you on this prize day and extend a special welcome to Esther Ketchum and John Allen.

Will Rogers once said that he "always found it pleasant to hear a person talk about himself because he only heard good things." This is no time for me to refer to myself or my time here or even go on too long thanking the host of people who have made these years so productive and memorable. I extended my thanks last night to masters, old boys and the non-teaching staff. Today I must emphasize that I am particularly grateful to the parents who have supported me and the school so well since I have been here. Also the students know that I have been grateful to them and their leaders for the gains they have been able to bring to school discipline, morale and standards. Because of this I feel we are now at a stage when we, as a community of Andreans, can feel this is a special place which now combines intellect and enthusiasm. It is this theme on which I wish to speak . . .

A great school is not measured solely by its financial stability, its waiting list of applicants and new facilities, although we are grateful for that. A fine school does not, and should not, aim at mere specialization. It must accept from all of Canada and around the world, boys of ability, but not only of gifted intellectual ability and lay the foundation of a good general education. I believe we now have at St. Andrew's in terms of people and facilities, all that is needed for doing this task as well as any school in Canada.

The world is a battlefield of intellects and enthusiasts. Men and women of science, industry, art, commerce, finance and politics in each country develop their powers and skills to help their country and to fulfil the best that is within them. They will do their best by a system which lays, when they are young, broad foundations to provide the skills and habits for a successful vocation, for lifelong interests and a sense of responsibility for one's community. This is the rationale for a general education. It is true of course, that each of you in time will have to become something of a specialists. Each of you will have to pick and choose the things that matter, yet each of you will not be able to do that without a broad appreciation of the world while you are young. Then you will tackle your speciality with enthusiasm.

Whatever your occupation, hobbies or interests, later in life, I hope that you will hang on to your boyish simplicity, imagination and idealism. Most boys, I have found, are idealists of some kind. Each boy I have seen here is always touched by imagination to some degree. Part of the task of a Headmaster is to provide constructive outlets and stimulants for enthusiasm and idealism, not to wish it would go away. The content of our courses, the example of masters supply much of this idealism. So do sports, drama, music. I've always believed "expansion week" experiences off campus or learning another language in a foreign culture, or briefly visiting another culture, or meeting stimulating authors or scientists or professionals, or being responsible for an activity, be it the school newspaper, Mayfest, the yearbook, Macdonald House, house league activities, clubs, cadets, or participating in our Science Institute or

the Weizmann Institute - any of these - can help spark and direct wholesome enthusiasm with which to stimulate the intellect. I have hoped our school would reflect the constructive vitality of youth, not deny it. In our seven years together I believe this has been part of the reason for our success academically, in sports, in cadets, in music, drama and so on.

Cecil Rhodes, the founder of the Rhodes Scholarships, once said "that all he had ever done in his life he had glimpsed by the age of 16."

Take a look at any truly successful person, be it a master, a scientist, an artist or a businessman and you will often see great wondering, imaginative eyes. I believe here at SAC is where that imagination and idealism begins, here in the classroom, under captivating masters and in all else that can be provided outside the classroom. Be disciplined, do your duty, day in and day out, link it to enthusiasm and you will be productive for others and yourselves.

The saddest thing about Canada, I sometimes feel, is the decline of enthusiasms. One of the noblest periods in British life, was the period of Newman, Darwin, Huxley, Tennyson, Mill, Gilbert, Sullivan, and a host of others. Schoolboys and college men were not ashamed to have their heroes and enthusiasms then.

Without passion, the mind can do little except accumulate information, and information is only of use if you can use it in daily life.

No man ever did anything worthwhile if he did not do it passionately - not with noise, agitation and excitement - but with fire in his soul.

The young man who has no enthusiasm, no hobbies, no community interests will get cold feet morally and intellectually. He will become simply a cynic.

To have a passion and enthusiasm for something beyond yourself, is the key. I believe each of you, after the privileges of a St. Andrew's education, should always try, therefore, to contribute something to your community and your country; either through public life, or through helping volunteer organizations. You don't have to run for Parliament, you can serve on a school board, or help the United Appeal or help St. Andrew's. If you do you will find satisfaction and fulfilment.

Your vision of the creator of us all is the mainspring of a true general education. Your knowledge of God is what will give you true passion, vision and understanding. Be logical, be informed, work hard, but have a passion for the vision of God and your lives will be broad, tolerant and expert. I think now of the Headmaster-designate, Mr. Bob Bédard. I know this man well. He is the best example of all that I have been speaking of: Mr. Bédard is devout, patient, firm, he is an insightful educator of young men. The school will be in strong hands with this good and quiet leader. He deserves your support and respect.

To the Upper Sixth may I say that I hope all of you, as my family and I do, leave a bit of your heart here. I pray that you, like me, will remember the rigour of learning here, and the ennobling enthusiasms of St. Andrew's. I hope too that the pipes, the drums, the cheers, the rustle of the trees, the music, will forever whisper in your memory, as it will in mine. May the insights, the friendships, the hardships and the joys of this magnificent place strengthen you forever. It is a privilege to be here either as a student, master or Headmaster. Thank you and best wishes.

# VALETE

This year we bid farewell to Mrs. Nancy Bray. During her short stay at St. Andrew's College, Nancy established herself as a dedicated and compassionate faculty member. Not only has she been involved with many aspects of school life, such as the Savages team and the school musical, but she also initiated a most successful new course in environmental science.

We wish Nancy well in her new position with a computer firm in Toronto. She will be missed very much by all Andreans.

For the past 5 years the Headmaster's office has been graced by the presence of Mrs. Florence Griffin, whose quiet and effective dignity has greatly added to the operation of the office.

Mrs. Griffin has helped both the boys and the masters in her special role as the Headmaster's secretary, and it is with regret that we say good-bye to her.

We know that she will continue to be an efficient contributor to Dr. Hockin in their new positions.

Call of the North??

Call of the Wild??

A Call for Fulfillment!

Ms. Barry has left St. Andrew's College. Four years ago Nurse Barry came from Northern Ontario to the sunny climes of Aurora and to the infirmary of St. Andrew's College.

In May 1981 Ms. Fran Barry accepted a call - a call to the long days and short nights (or is it long nights and short days); a call to the cold long winters and the peaceful, serene and tranquil summers; a call to the

clear, crisp, smogless fresh air and - who knows - perhaps to a "1981 Klondike Gold Rush" out of Dawson, Yukon Territories.

Fran, we are grateful for the contribution of your abilities and talents while nurse at S.A.C. and look upon your sojourn here as one more stepping stone towards the life's purpose of an ambitious woman. We wish you many more and may God's presence be with you always.

Wherever we are - we'll always remember you. Come back and see us often - you know when clinic hours are.

After 35 years of outstanding service to the school, Donald E. Huntley has decided to hang up the ignition keys on last time.

Don's service to S.A.C., behind the wheels of a variety of school vehicles, has involved transporting thousands of team members to and from sports events, collecting tons of refuse, making innumerable trips all over Toronto to pick up and return a wide variety of items essential to the smooth operation of the College. Less well-known was Don's benevolence as a contributor to the S.A.C. Staff Scholarship to assist the deserving young men to whom he has devoted a large part of his working life.

We are sorry to see you leave us, Don. You have been a good and faithful friend during your long service to the College. We shall not forget you. Come back to see us when you can.

#### MR. HAMILTONS REMARKS TO THE LEAVING CLASS

To the 1981 gradutes and others leaving this year - welcome to membership in the S.A.C. Association. You are automatically members and there is no annual fee!

We will try to keep you informed about the School's accomplishments and activities through the medium of "The Andean." To do this we need your cooperation in letting the Association office know when your address changes. Your address will remain the same as your parents until you advise us otherwise.

The Association wishes each of you good health, success and happiness in the years ahead.

### *Anything Goes*

In the eyes of many a St. Andrew's veteran, this year's musical was outstanding. Believe it or not, but nearly one quarter of the entire school was involved. They all developed a wonderful esprit de corps; even at rehearsals, spontaneous laughter was common. This enthusiasm was specially evident behind the scenes. It takes a great deal of hard work and dedication to smooth out all the rough edges and create the professional production that "Anything Goes" finally became. The producers, stage crew, the lighting, the special effects, the make-up, costuming departments and especially the orchestra all played very important parts. The cast of this year's play was marvelous. Our leading lady was a real inspiration. She, along with our head prefect in the lead male role, gave to each and every member of the cast the confidence and enthusiasm they needed to produce a winning combination. Judging by the applause on all three nights, we felt justified in saying that every production provided an evening of superior entertainment.

# 'THE DOCK BRIEF'

This year's entry to the Drama Festival, John Mortimer's 'The Dock Brief' was an interesting endeavour in more than one respect. Apart from its being a comedic farce, it also marks the first production in recent memory to entertain only a two member cast. It was this perhaps which was a major contributor to the play's largely passive reception; for besides being a monumental task in its own right, which tends to induce a more select audience, a cast of so few can hardly be considered an honest representation of the school's artistic and dramatic persuasions. If there is indeed any fault here, it must be distributed evenly, as the choosing of the play was a democratic one and thus all the credit which, realistically, the production deserved, must be similarly distributed.

The playwright, John Mortimer, was not surprisingly a barrister of some success

himself when 'The Dock Brief' was released as his first comedy in 1957. It ideally outlined his philosophy that comedy was the only worthwhile form of entertainment in this otherwise 'despairing age.'

'The Dock Brief' was performed on three separate occasions: the Drama Festival (at T.C.S.) itself, where it received many favourable commendations and once each for the Ladies' Guild and the school.

At the risk of sounding maudlin, I would like to close by thanking Mr. Myrans and Miss Austin for their competitively meticulous coaching, Mr. Paolini for his craftsmanship, and the cast of countless who made 'The Dock Brief' just what it was: a compliment of distinction to St. Andrew's College, and what I sincerely hope, an inspiration to the school's fountain of diverse talents.

# DEBATING: FROM FLOP TO FERVOUR

SENIOR DEBATING *Front Row:* Ardill, S., Webb, T., Apple, D., Stanborough, P., Long, J., Lawrence, D. *Second Row:* Suarez, S., Harris, J., Frank, H., Stoddart, W., Morrow, R., Mr. W. Skinner.

After just a month and a half into the first term it appeared as though debating was on the verge of collapse; our coach was absent with an ailment, the first Fulford Tournament was ominously approaching, and other independent schools had as many excuses as students explaining their inability to participate in host debates at S.A.C.

Nevertheless, as I recollect the events of the past two and a half terms, I can honestly assert that this year has been one of the most diverse in the debating forum, for we made a remarkable comeback! Debates this year included: three Fulford tournaments at both junior and senior levels (final results placed us in the middle of the pack), participation in the St. Clement's impromptu tournament, a victorious host debate against Loretto Abbey, incredibly close away and home debates against Trafalgar Castle School in which we emerged the victors, and a resurgence in house league debates, both in Mac house and in the senior houses.

I don't believe the sudden rebirth of debating can be attributed to any one cause, but rather to the dedication and perseverance of several individuals. Amongst the student body, the executive put in more than their fair share of effort. These members

included: Paul Stanborough, Dave Lawrence, Steve Ardill, Terry Webb, and Jeff Long. On the staff, Mr. Somerville and Mr. Timms deserve many thanks for their supervision and assistance during Mr. Skinner's absence. Another staff member who deserves a word of gratification is Mr. Ray. His leadership at the lower school level has motivated numerous youngsters, and has brought many potential debaters out of the closet.

However, of all the debating personnel, the one man who deserves the most credit is our coach, Mr. Skinner. Not only this year, but in prior ones, Mr. Skinner has been the centre of all operations.

On a concluding note, I sincerely hope that the respect and desire which debating seems to command can continue. In my opinion, the key to success will be the hosting of as many home debates as possible, and the recruitment of debaters from the lower grades. It is the executive's firm belief that the newly elected president, Steve Ardill, and Mr. Skinner will expand upon the eagerness which has developed among the student body, and thus make 1981-82 another fine debating year. Best wishes!

By permission of Johnny Hart and Field Enterprises, Inc.

JUNIOR DEBATING Front Row: Duffield, M., Garden, T., Palij, M., Rowe, C. Second Row: Mr. R. Ray, Schofield, K., Weir, R., Duffield, J., Mr. W. Skinner.

# MEMORIAL HOUSE

Mr. Robert Orr

Mr. David Soul

Resident Junior Masters

Mr. Whitehead and his yearbook minions chased after me for nearly a month - a reflection, really, of how difficult it was for me to write this final column. Thirteen years is a fairly large part of one's adult life and I would be breaking the eleventh commandment saying that I won't miss this place. No two years are ever alike and this one was no exception. It had its ups and downs, but for me the high point was winning the Housser Trophy as the top upper school house. It is nice to leave at the top.

GRS

# FOURTH HOUSE

Bidding farewell to our dear Uncle Don was a sad affair but no one was let down by his replacement, Mr. Dunford. Coming as a Master to St. Andrew's is alone a great jolt to the system, but Al was a glutton for punishment accepting the positions of First Hockey's coach and Math teacher as well as becoming the Housemaster of by far the most prestigious house at the College. Forget about those terribly biased remarks from the two other houses.

Since the accomplishments of Fourth House are so numerous, I shall be prolix and save in photographs those memories of our extremely photogenic House Members. Carry on the great tradition.

F.W. Omstead

# FLAVELLE HOUSE

There are really few people that didn't experience a strange fear upon learning they now roomed in Flavelle House whose past reputation was not too pleasant. Once inside after accepting your fate the fear quickly subsides as one begins to realize one is part of the best house in Upper School.

The past year was a great one for Flavelle. Spanky set the standard for haircuts during cadets. Dickson, our grovelling sports captain, rallied the Flavelle spirit and took us to first place in the school track meet. We did have help there from that ex day boy Slippy. Also out of Flavelle emerged the latent but loud talents of Dave and Nick as they established Dark Angel; the first student rock band in a couple of years.

In the eyes of the rest of the school we shone but inside Flavelle things were always, well at least, interesting. Take the grade tens for instance who always try to get to juice and cookies first (probably to see if the thirteens have left any) especially those on the bottom floor like Harvey-Read, Williams and others. I'm sure Coach would agree.

On the second floor was a variation of people. The tens were still rather paranoid and locked their doors at night. Nourse and McConkey kept waterbombs in their closet for protection. Melville, Mucous and Squirrely wouldn't lock their doors at lights out because they would still be playing cards hoping no one would notice them. John Volckmar had an interesting taste in music. It's called loud and it wouldn't disturb you if you just turned off whatever you were trying to listen to. Stump and Albert were

the humanitarians on the floor and proved it by setting up a home for wayward animals in their own and adjacent rooms. George didn't mind the little creatures in the room for he was usually on the phone to Mitty. He stuck around a lot more when he had his own during the first term.

The third floor of Flavelle was unique throughout the school. No one from outside Flavelle could go up there and leave with everything they came with. Also on the third floor was the annual power struggle between the twelves and thirteens. The main tactic of the twelves was never to be in bed on time. On any given night after "lights out" one could find light creeping from under Tredgett's and Kinnaird's door or see the forms of Freer or Wilson drifting back and forth from the washroom.

But here was also co-operation between the thirteens and the PMR club. Del Medico and the boys were being groomed to take over the soon to be vacated positions, during late night meetings with the more infamous grade thirteens. These meetings included basic lessons on how to have a good time and still stay in the school.

All in all it has been a good year for Flavelle and considering the quality of the people coming up to fill the places of those leaving, Flavelle is heading for more good times. It is going to be hard though, to top the success of this year.

J.B. Burns

# RAMSEY HOUSE

We enjoyed another successful year in Ramsey House. However, this year we felt Mr. Smith should be allowed to win the overall clan trophy since his long term as Memorial House Housemaster had finally come to an end. This is our going away present to you, Mr. Smith. We did manage to capture the Cross-country crown.

Our housemaster, Mr. Stuart, is also leaving us after six years to assume a position as the Assistant to the Headmaster along with Mr. Smith. Good luck, Mr. Stuart from all of us in Ramsey.

This year was highlighted by notorious people like the rowdy grade twelves who were continually trying to have an all out war with the third floor of Flavelle. Kevin (the traitor), Keith, Steve and Adam comprised the main thrust of this boisterous contingent. Social events were organized by our very own stud from Cedar Valley. For some reason, Bear didn't throw his weekly parties as he did last year.

Our 3:30 flee club was well looked after by the two Herbies, again. Eventually it came as no surprise to see a white sports car outside the gates because it had been banned from the school property for fear that the statistics on traffic accidents would be severely increased. Honourable mentions in this club go to Rod and Mitch.

The lunch hour entertainment was provided by the yelling and screeching of our grade sevens, eights and nines who continually tried to impress the grade thirteens by attacking and wedging errant Mac house kids.

Once again, I would like to thank Mr. Stuart for his efforts in making this house a dominant force in this school. Good luck to Mr. Jackson who assumes the great task of filling Mr. Stuart's shoes. Also, good luck to Chris, our only prefect, and the rest of Ramsey.

Michael Bedard

# MacDONALD HOUSE

Mac House is indeed as the heading reads, "The Fun House." Again we have had a fine collection of individuals which have contributed well to the excellent tone of the house. Congratulations are in order for Francis Hadeed in winning the Edith Grant Trophy, and for Shawn Omstead in winning the King Trophy.

We wish our grade nine graduates well as they move on to the Upper School. Best wishes as well to Mr. Treasure as he takes on the responsibilities as Housemaster of Memorial House.

In conclusion, let me wish you all a great holiday. I hope that you will remember the good times that you have had here. Perhaps the following poem contributed by Mr. Meagher will bring back some memories.

No more English, no more French,  
No more sitting on a hardwood bench,  
No more blackboards, no more books,  
No more teachers' dirty looks.

No more formals, no more gatings,  
No E.R.'s, no penalty waiting,  
No more bangers, no half cooked vegies,  
No water bombs, and no more wedgies.

# EN FRANCE

The St. Andrew's College in France program, now in its fourth year of operation, continues to grow in popularity as more and more boys return with glowing reports of their experiences. To this point, 36 boys have benefitted from the program with a possible 19 being considered for the coming year.

This truly total immersion program owes its success in a large way to the moral support provided by the carefully selected families, an important factor in the trying first few weeks, as indeed throughout the entire stay.

In addition to the families around St. Brioux in Brittany, a second region in the centre of France in Clermont-Ferrand has been gained and two more have been explored.

One indication of the satisfaction with the program is the correspondence that follows and the plans to return to visit "my French family." This experience has removed the textbook, classroom approach to a language and has shown that there is indeed a world out there where French is used.

# SOUNDING Retreat

Early in the school term, the Upper Sixth and masters enjoyed a relaxing weekend at Kilcoo Camp in the wilds of Haliburton. The objectives for the weekend were to spend time together sailing, canoeing and swimming (brrr!) and to have informal discussions about the upcoming school year and ways to make it the most successful yet! Participation in the weekend was optional but still we had an excellent turn out. From the moment we arrived it took but a few minutes before the boys had the canoes on the lake and then in the lake. The enjoyment of the water didn't stop there as a hardy group of George Jackson, Mike Bedard, Mr. Lunn and Mr. Jackson enjoyed a Polar Bear dip on Saturday morning.

One cabin even experienced Monsoon rains and a tidal wave that raged on and on from

2.30 to 4.00 a.m.! The discussion groups were very effective in opening the lines of communication between the boys and masters and then among the boys themselves. The feeling at the close of the weekend was that those who wanted to get something out of the weekend did. All in all the weekend was a great success due to many facts: almost all of the Upper Sixth attended the weekend, the organization and chairmanship of the discussions by Mr. Lunn, Fred Omstead, Dave Lawrence, Adam Hawley, Bruce Huggins and others, and the beautiful facility provided by John and Peg Latimer; a special thanks must go to them for making this happen.

# LADIES GUILD ESSAY - FIRST PRIZE WINNER

## MUSIC

Shakespeare once said, "If music is the food of love, play on." And play on it has. Music has come to play a major role in man's life. It is interwoven in the very fabric of his existence since the dawn of time. George Santayana said, however, that "Music is essentially useless" - but this is a ludicrous statement because without music man would lose a medium for expression.

No one can deny that man's taste for music has changed most drastically in this century. It may be for this reason that Santayana formed his opinion. Yet, the music of the age reflects the emotions of the people of the age, just as the visual arts and architecture do. Bach, Mozart, Chopin, Goodman, Basie, Beatles, Stones, Zeppelin - they are all the same. Mozart could stir up his listeners as effectively as the Beatles could. Music has undergone a steady progression, but, each new form appeals to the tastes of the people of the time.

Music also serves to stimulate many other forms of expression. Probably the most ancient of these is dance. From the flickering forms circling a smoky campfire to the sound of chanting drums one hundred thousand years ago, to the elegance and grace of a prima ballerina today, from the sumptuous ballets in the courts of Louis XIV to the polychrome flashings in discos, music allows listeners to express themselves in the most basic manner; with movement and gesture.

Not only does music inspire other forms of expression but it in itself is expression. It effectively translates the emotions of the musician into sound. It can express love, anxiety, bitterness or violence. Music is a universal language understood by all. In England in the early to mid 70's violence and total resistance to society gave birth to a new form of music. Its barely concealed undercurrents of violence appealed to some youths of the time and became a cult, almost a way of life. Although these anxieties have since been soothed, the music still lives on as a reminder of the emotions once felt. Paradoxically, music allows for the expression of the deepest of affections, love; no single medium can express two such polarized motions.

Finally, many use music as a means of escaping life for a few brief moments. As the earphones are slipped over the ears, fear and worry melt away. Your mind is unhooked from reality, imagination allowed to wander, free from the bondage and concentrations of society. But, worries and fear must always be faced and resolved and life goes on and on.

In conclusion, Santayana's opinion that music is useless is insubstantial. Man's love for music is innate; he has possessed it since he first heard birds singing in the trees thousands of years ago. Shakespeare was right; music is the food of love, but it is also the food of life . . . so play on!

J.J. Duffield

# CADET CORPS

# INSPECTION

Michael Struempel receives BEST CADET Award.

Dress, drill and deportment are the three essential elements of Cadets according to any Sergeant Major. But the performance of a Corps depends completely on its morale, and the seriousness and enthusiasm with which we approached Cadets this year was to insure an excellent inspection!

When, back in September, Major Inglis offered me the opportunity to command the 'Best Closed Cadet Corps in Central Ontario,' I immediately accepted, knowing that I would share this command with two very able senior officers, Majors Adam Lynde and Mike Rugeroni.

Phase One training began with programmes that varied from fundamental drill for the "recruits" to typing and other such practical courses for the "veteran cadets." The officer/N.C.O. training went under way with close to eighty grade twelve and thirteen students attending the evening sessions. We even had the largest number of cadets to ever represent the S.A.C. Cadet Corps in the Aurora Remembrance Day Parade. This was just another indication that the school accepted this year's challenge of Cadets with great spirit!

However, the real test had to be faced right after returning from the Christmas holidays - whether or not we could pull the whole show together for May 1st., our annual inspection. Though they may have seemed long to some, those afternoons of platoon and battalion drill went all too quickly! The date for the Cadet Corps Parade to St. Paul's Church in Toronto was rapidly

approaching; meanwhile, Number Nine Platoon was still learning how to march! Finally the day came, but the Church Parade appeared to be doomed from the outset when the buses didn't show up at the school. Major Inglis and I waited in nervous anticipation until we finally decided to drive down and carry on with the parade, minus one hundred cadets! Major Lynde and C.S.M. Laing had done a fine job of falling in the Corps and the decimated ranks quickly adjusted to the trying situation. Despite the initial panic, our Church Parade went very well and the Headmaster's Parade on the following Wednesday was flawlessly executed.

The final inspection came as a culmination of all the efforts that had been put into the 142nd S.A.C. Highland Cadet Corps: the drill in the ranks was well done, the demonstrations were humorous yet well organized with accompanying commentary by Lieutenant Fox, the Pipe and Drums and the Brass Band kept time with their usual stirring music, and even the officers' sword drill was together! This year's inspecting officer was the Lieutenant Governor of Ontario, the Honourable John Aird, and judging from his comments he was extremely impressed with the Corps' performance.

The inspection ended with the Awards Ceremony in the hollow square, recognizing those members of the Corps who put forward that extra effort towards Cadets. I would like to congratulate: all of the members of 'A' Company and its commander, Captain Apple, for having won the 'Best Company Award.'

Number One Platoon and its joint commanding staff, Lieutenant Jackson and Lieutenant Omstead, who demonstrated that they could be the best platoon when the pressure was on; and Cadet Mike Strumpel who won the 'Best Cadet Award' for his excellent efforts. Additionally I would like to recognize two year Pipe Major Nutbeem and Drum Major Kerr for leading the experienced Pipes and Drums and Bugle Major Cooper who commanded the Brass Band, a now fully integrated part of the Corps Band.

Finally I wish to thank all of the staff members who contributed their time and patience towards the Cadet programme. Particularly I thank Major Inglis who was a pillar of support, an unequalled organizer a just disciplinarian, and a man with ever characteristic of a good Commanding Officer that a Cadet Corps demands! Lastly, I want to thank every individual member of the 142nd St. Andrew's College Highland Cadet Corps, from the youngest Mac House training cadet right up to the most senior officer, because together we did a hell'uve a fine job! Best of luck to the leaders of next year's Cadet Corps, you're inheriting one of the best that there is!

There were many mixed feelings when those final commands were given on the afternoon of May 1st. Some felt happiness and relief that it was all over, some were genuinely sorry that their responsibilities were finished with, but the overriding feeling was one of pride - pride in the uniforms that we wore, pride in our Cadet Corps, but importantly pride in ourselves. I felt proud but very sad when giving that last command: "HIGHLANDERS, TO YOUR DUTIES, DISMISSED!"

Cdt./Lt. Col. P.E. Stanborough

Best Cadet in the Training Platoon - Darren Mason.

*The Stone Bird*. McClelland and Stewart, 1980.

### WHAT CRITICS SAY:

"Purdy has found his voice, a robust, at once elegaic and ironic voice, capable of saying big things by way of understatement or of saying almost nothing with grace and humour. He began in traditional poetic garb, but in the late '50's and early '60's forged a style and language uniquely his own, which, like his own description of hockey, is a 'combination of ballet and murder,'" Gary Geddes, *Victoria Times*.

"There are writers who should get the Nobel Prize before Al Purdy . . . Ezra Pound, for instance, Pablo Neruda, Jorge Luis Borges, Jean Genet, Elias Canetti. And there are some who should get it after him who will undoubtedly get it first, for the assumptions scarcely exist . . . even in his own country . . . within which Purdy's achievement can be discerned, much less assessed with finality. Meanwhile, though: homage to a poet of surpassing excellence." Dennis Lee, *Saturday Night*.

"Time and space, spartan time and empty . . . or snow-filled . . . space, predominate in *The Cariboo Horses* . . . Purdy's answer to Northrop Frye's (and Margaret Atwood's) question, the Canadian question, "Where is Here?", is now in the texture of every poem." Mike Doyle, *Canadian Literature*.

# GRADS 1981

Brian Clark: 1978-81.

NICKNAMES: Roy, L.D., (Tony?), Grant. FAMOUS SAYINGS: "Sorry Mr. Smith, I don't know where Rich is," "Chin I hate to tell you this, but your hair isn't blonde - it's red," "Hi Tony," "If you're looking for the Stud I don't know where he is," "I'm not Grant - I'm Brian, and as I don't know you," "Rich the stuff in the car is for the weekend - well if you insist." ACTIVITIES: Spending 3 years trying to get a straight answer from Dad and not succeeding. Rooming with the head ranks for two years. Member of the R.R.R. Being absent from Studio 209. 1st soccer 2 years, 1st fencing(?) two years. 2nd basketball with the great abduwaba, 1st Rugby, House Capt., Scottish exchange, masquerading as a Master Warrant Officer, wondering if Dirt was going to win his bet, preparing for Wembley in more ways than one. Avoiding my room because of the mess. Handing assignments into an English teacher and only having them "read." COMMENTS: I'm very grateful to my parents for sending me to SAC. It opened my eyes to the world in more ways than one. One of the most attractive things about SAC for myself was the friends I made. One of the biggest lessons I learned during my stay at SAC was that you can't live life by yourself and that friends are invaluable. One last word of thanks would have to go to Mr. Smith - Dad you're not quite God, but you do have your ways.

Paul Sullivan: 1979-81.

NICKNAMES: "Sully." FAMOUS SAYINGS: "My eyes are open," "Don't do that," "I'm a devil worshipper, Omstead," "Terry you're a blatant liar," "Let's do a 10K." ACTIVITIES: First cross-country, First Nordic skiing, Track, R.R.R., First team combat, Cadet Lieutenant, 4th house national guard. COMMENTS: I would like to express my gratitude to the staff and students of SAC who made my stay very memorable and rewarding. To my departing colleagues, I wish them the best of luck in whatever field they have chosen for themselves. The people to whom I owe the greatest appreciation are my mother and father, their concern and dedication to my ambition has resulted in the enjoyment and achievement of the best two years of school I've ever had. NEXT YEAR: Royal Roads Military College - Victoria B.C.

Richard S. Macdonald: 1976-81.

NICKNAMES: Mac, Max, Maxie, Duts (and derivatives thereof), Yves Saint Lauren, Sammy, Meow, McStudy. FAMOUS SAYINGS: "Hey Brian, do you have any 'battalion babies' in the trunk?", "Wah!, Eh Fred," "But Sir . . . give me a chance to explain," "Book on her, Hammy!" ACTIVITIES: First football, first soccer, first basketball, first rugger (2 years), Cadet CT # 6, Mayfest executive (sorry about the reports Dave!), Head ronko of the Rrr, member of studio 209, House Captain, nocturnal jaunts to 23 Devons Dr., visit to Clayton, N.Y. in quest of . . ., singing Greek in Calgary, member of the St. Andrew's College Country Club. COMMENTS: After five years at S.A.C. you realize that it's time to move on. There are many aspects of S.A.C. that I shall miss, like the great sports programmes and the camaraderie. I have enjoyed SAC immensely and I shall not soon forget it. My advice to young Andreans is to get as involved in the school as much as you possibly can, because the more you put into something, the more you'll get out of it and you can gain a lot through an education at S.A.C. There will be times when nothing goes right and you'll want to forget the whole school, but, if you stick it out you'll find that the rewards are much greater than the drawbacks. I'd just like to thank the Francis' for giving me a home away from home and my parents for giving me this opportunity, and Brian for putting up with me for two years. NEXT YEAR: University of Alberta.

Grant Clark: 1978-81.

**NICKNAMES:** Grunt, Smilie. **FAMOUS SAYINGS:** "I'm Grant," "Life is tough," "I'm married." **ACTIVITIES:** Captain of second soccer, Pipes and Drums, 3 year veteran of Hiltz's Physics, Scotland Exchange, House captain, building a snow wall at the bridge, Cheater's Fan Club, coffee club and first team Mister Donut. **COMMENTS:** Like everyone else, I was a little apprehensive about coming to SAC, but my three years here have really been enjoyable. I would like to take this opportunity though, to thank my parents for allowing me this opportunity and to thank my friends for making it bearable. Good luck in the future guys! **NEXT YEAR:** McMaster for Science (not physics though).

Angus Elliott: 1976-81.

**NICKNAME:** Fang, Fangus, Rangus, Rang - derivatives thereof. **FAMOUS SAYINGS:** "Remember F. You said you were part English," "That does it - this time we break up," "Has anybody got \$20?", "Dave, you've gotta say it," "In Rugby there are no winners - just survivors," "You've gotta hear the joke Dad told me," "Chris, you do realize that's depraved," "S-W-W-I." **ACTIVITIES:** Football, D and D, Rugger and crutches!!, biting, scratching, coughing, butting (once when happy, rights J.B?), preventing B and B from reclaiming my blankets. **COMMENTS:** Good luck to everybody; thank you to everyone for five good years and remember: "No man is an island, entire of itself, every man is a piece of the continent, a part of the maine; if clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manner of thy friends or of thine own were; any man's death diminishes me, because I am involved in mankind; and therefore never send to know for whom the bell tolls; It tolls for thee," John Donne. But, Trev., Bowie and Hemingway still love toads.

Derek Apple: 1976-81.

**NICKNAMES:** Aps, Derelict. **FAMOUS SAYINGS:** "Get it out, Ops." "Igs, listen to the wind between the gaps." "Do you want to carry this home for me?" **ACTIVITIES:** 9 o'clock track team, O.F. Fan Club, excursions to Clayton, fourth House sleuth, chinkbegging, France '79, Egypt and Venice '80, active member of the Canadian wing of the Baader meinhof. (Yes Ted that was us!), "Camelot" (That's how conditions were!), "Anything Goes" (Sir Evelyn), campaign manager for Fat Mark and the Rhinos, Waldo and Turkey football fiasco, table B back bencher, swimming (Capt. 2nd team), House Captain, Head of Debating, Independent entertainment editor, Cdt. Captain of 'A' Company, loyal savage team member, Graeme's farm, Mayfest executive '81, Cheaters Fan Club, illegal smoker (2 years). **COMMENTS:** Leaving S.A.C. was, at one point, the moment I anxiously awaited, but even now, as I write, I feel a degree of nostalgia. The one aspect of the school which I have found most striking is the cross section of people, I don't think you could find a more diverse place to learn in this respect! I feel that it is the characters of the people that form the foundations of an education at S.A.C. not what's printed in a text. It's this sort of community coupled with the opportunities, which truly make us the most fortunate people of our age. Thanks to all those who aided me, friends, teachers, and most importantly, my parents. **NEXT YEAR:** Social sciences and humanities at Queens.

Paul Stanborough: 1978-81.

NICKNAMES: Little General, Le Petit Général, Stan, Wog. FAMOUS SAYINGS: "HIGHLANDERS . . .," "Hey Arnie," "Brother Soul, let's play some Pluck," "Rupree's going to freak!", "Oooo, what a night!", "Break a Leg!", "See you about." ACTIVITIES: Cadet Lieutenant-Colonel, Prefect, Head Boy, House Captain, Speaker of Debating Society, small-time actor, Savages, 1st curling, 1st rugger, small arms specialist (only a flesh wound, Squirrel!), coffee drinkers club (with Grunt, Igor and Graeme), Fourth House National Guard, three year fizzy survivor, workaholic. COMMENTS: S.A.C. has been my home and my life for the past three years and although I have got a lot out of it, I can feel that it's time to move on. All of the little things like Mr. MacPherson's "Ode to the Haggis," watching us clobber another team, the sound of the pipes, or just the feeling of walking back to the houses in the sunshine meld together to give St. Andrew's that extra "touch of class." Sure there have been some rough times, too, but fortunately only the good memories remain with us and I've had my fair share of those! I don't thank the institution, itself for this, but the excellent masters that keep the classrooms interesting, the varied friendships that you inevitably seal, and of course, my family who not only made it possible, but are always there to return to. The school offers great opportunities but you've got to get involved and take advantage of them to really benefit. Most importantly, it's been my friends (both student and masters) who've made it all worthwhile . . . thank you! NEXT YEAR: R.M.C There's no life like it!

Rolf C. Fox: 1976-81.

NICKNAMES: Ralph, Wolf, Wolfie, Roof, Ruuh. ACTIVITIES: Cross-Country, 1st skiing, track, Headquarters Lieutenant, S.A.C. Baader Meinhof gang, 1st team combat, refusing to go to Power English, learning how to party. COMMENTS: In my five years here I have had many experiences, some good and some bad, but all valuable. I have enjoyed SAC very much, I put a lot in and got a lot out. But instead of going on about this I would like to offer a few constructive criticisms. SAC is certainly a good school, but it is not for everyone. Fortunately, they are few in number, but there have been and still are students here who just don't deserve what SAC has to offer. Thank you everyone and in particular, Mr. Harrison, for putting me on the right track in my first year, Mr. Hiltz, for all the help you've given me and my parents, for making the sacrifice to send me here.

Ross Morrow: 1975-81.

NICKNAMES: Roscoe. FAMOUS SAYINGS: "I was wondering," "It was really funny," "Anyone want to hear a joke," "I had this really strange dream last night." ACTIVITIES: France, Egypt, House Captain, 1st rugger (2 years), Cdt. Lieutenant, manager of just about everything house days, debating. COMMENTS: After being here for six years I guess I am suppose to write gems of wisdom from my vast stores of accumulated knowledge; so much for that rumour. St. Andrew's is not a place or a bunch of buildings, it is a group of people living and working together. You are St. Andrew's. That is all I am going to say about that. Look out for blue meanies. Thanks everybody for making it all work out. NEXT YEAR: Shangri-la.

Graeme Laing: 1979-81.

NICKNAMES: Goof, Dilitante, You cynical . . . !, Doc and Mr. Grammer, Sniggers. FAMOUS SAYINGS: "Wrong Way, Go Back!", "What!?", "How are you my sung?", "Battalion," "See me after Azan!!!." ACTIVITIES: Savages, France, H.C., R.S.M. for Paul's 142, Anything Goes, Ass. Editor for the Independent, Mayfest committee head (sometimes), R.R.R., midnight jaunts to Clayton N.Y., loyal patron of Hotel Smith, Cheaters Fan Club, 3 pilgrimages to Misr. with the bearded knight of St. Lazaraus, watching the battle of 1812 with Prince Igor, Pierre Smirrnoff and Alexi Wolfschidt, Studio 209. COMMENTS: Trying to muster up even my short three and a half years at St. Andrew's from the depths of my insensitivity is quite a task. I don't think I can spew forth any false but pretty pretences, because what I have to say when leaving the "pearly gates" has to be from within the soul of my emotions. On that note, I can only thank the people of St. Andrew's who dwell within that soul and who belong with the saint whose name was given to this kaleidoscope of human personalities. Shokrun, be seeing you! NEXT YEAR: Political Science and Economics at Carleton University, Ottawa.

Dave Barnard: 1974-81.

NICKNAMES: Barney, Zowie-Bowie, Space Puppy. FAMOUS SAYINGS: "One of these days I'll change my evil ways," "Starting tonight, I'm really gonna do my homework," "C'mon Nik, let's go jam out man." ACTIVITIES: First Football (2 years), Second hockey (Almost 4 years!), First team sailing, Flavelle third member (3 years), producer of "Anything Goes," trying to be a day boy while being a boarder, Pipes and Drums. COMMENTS: First thing that comes to my mind as I write this is, I can't believe I actually made it for seven years at St. Andrew's. I can remember in grade seven when life seemed so simple and it was easy to say you'd last seven years. By grade eleven, I was existing at St. Andrew's on a day to day basis. At the end of grade twelve, I'd had enough. The only reason I came back for this final year was to prove to certain people that I could last out grade thirteen and still emerge my own self. I'd like to thank Mr. Treasure and the late Mr. Meslin for providing the impetus to complete my schooling here, it's tough to go to an institution and not have its characteristics incorporated in you. I think I've come away with the good only but it wasn't easy; and I've paid for those victories. St. Andrew's is an excellent academic school. Too bad politics can't be eliminated from it. NEXT YEAR: Freedom (and Ryerson Radio and Television Arts Program).

A.N.C. Lynde: 1979-81.

NICKNAMES: Igor, Iggy, Igs. FAMOUS SAYINGS: "You're such a goof," "Pretty Scary," "Vodka, straight up on the rocks," "Battalion, Stand at Eyes!", "What do you mean, "NO BUSES'?!?!?!", "I don't know Hogboom, Cargill!" ACTIVITIES: Cdt. Major (D.C.O.), Savages, 'The Independent' (Editor-in-Chief), O.F. Fan Club, 9 O'clock Track Team, going to Graeme's farm, bear marching, drinking coffee, visiting Clayton, N.Y., watching 'Barbara Broadcast' in the basement, Cheater's Fan Club. COMMENTS: What can be said about 3 1/2 years in a prison like S.A.C. other than 'Thanks.' I've learned a lot in the last year, especially from Derek, Grunt, the Colonel and Graeme. I've learned that true friends are everlasting, and that true enemies fall by the wayside. In keeping with tradition, I've got to thank Dunny (auf wiedersehen, mein Herr), Uncle Don (for my early years in 4th) and Mr. T., (for tolerating my bizarre editing and study habits). Thank you, S.A.C. for making me someone both my parents can be proud of. NEXT YEAR: Water bombing at Queen's with Derek

J. Brendan Burns: 1973-81.

NICKNAMES: B.B., Burnsie. FAMOUS SAYINGS: "Well Dave, what movie do you want to go to?", "No, I don't know what group it is Dave," "You don't really have that much work, do you?", "Go tell Angus we're going to the play DxD." "... I know, but ...!", "... and honour your I.D.?" ACTIVITIES: Third football, Stump's Savages, senior rigger, house captain, Treasure tours, stage lighting manager, reading Dave's comics, dungeons and dragons. COMMENTS: ... In six years at SAC one tends to have a lot of different experiences. Some I would like to forget but the rest I hope will stay with me forever. The school represents the opportunity to have an excellent time all you have to do is learn how to take advantage of it. I would like to thank my parents for giving me a chance at what SAC has to offer because no matter what not so nice things took place, there has been much more good that has made it all worth it. Actually, thanks to everyone that made it happen. NEXT YEAR: Engineering at U. of T.

T. Arkell: 1976-81.

FAMOUS SAYINGS: "Ah, no more D and D!", "Huggins is a jerk," "You're gated Dickson, ya you are," "Put up your dukes, Sully," "Keep quiet Woo." ACTIVITIES: U15B hockey, U16 soccer, Savages House captain, Acting in I.S.L. Drama, enduring D and D, conversations with Ro, trying in vain to tell Bernie that Hemingway wasn't gay, raiding Huggins with D.D., playing the tuba with the Archbishop of Canterbury. Doing the moving "Kidnapping of the President," Directing, producing "A Night at an Inn," imitating Ted (that's right), Independent (Various roles). COMMENTS: St. Andrew's is merely a series of practical and emotional experiences through which one must endure. But this is what life is, I suppose, and therefore St. Andrew's prepares you adeptly for what life has in store for you. On the whole it has been a great 5 years and if I had to do it again (and who knows I may have to) I wouldn't go anywhere else. My special thanks to Mr. G. Smith who has been a most caring, generous and understanding friend. Thanks Dad. Also to my mother, who, without her moral and financial support I would have never kept on, my great thanks.

Alex Nikolajevich: 1976-81.

NICKNAMES: Nik, Chink, Commy, Slimodog, R.S.T.B. FAMOUS SAYINGS: "Just wait, you'll see!", "Mass Mentality, we shall dominate the masses." "Jam out, I still think it should be called Technicians of Space," "Caffeine drug, Serogate wokies Phsst!" "Flarp, Dylan stinks Black Sabbath is way better." "Blt!" "Dave's in one of his moods again." "Which one tonight." "Looney Tunes?". ACTIVITIES: 2nd football, Heavy Metal Band!?, Midnight Serogate Club, J.Y.'s gym, other ... COMMENTS: St. Andrew's has been great. Not always but in the long run. It has taught me a great deal about the experience of life and how to go about it with a plan of action. I could go on and write pages about its values, but I will just thank Mr. Timms, Mr. Bedard, Mr. Treasure, Mr. Foy and Mr. Clements. (Order doesn't count). Perhaps to some masters disbelief I will miss S.A.C. vastly and will forever be grateful. P.S.: Thanks Mom and Dad for sending me through. I'm still going! NEXT YEAR: Palaeontology at U. of T. Opening for Motorhead in October (You'll see!).

Adam Hawley: 1976-81.

**NICKNAMES:** Blot, Blotis, Blot-fool. **FAMOUS SAYINGS:** "What's at the Kingsway Clark-Fool?" "Look Dirt look, Willie's throwing arm stinks!" "Howdy Huggy, try and bring Rigs back to earth." "Yalza, Increda and Amazing but, who's the Milk Miser?" "Bimbo, it's the boss!" "John do some brake locks." "Yes sir, no sir, 3 bags full Sir," "T.Q. P.T. in T." **ACTIVITIES:** 3 years 1st football (2 championships) Fatback, Bass Drummer, 8 month excursion in Europe, the other half of B, fat fights with lunch, guard duty with Willy, Astronomy, Chapel design, M.M.H. club, Q.P. with LUNCH, Member of Fools of 77/78, the S.R.C. and the Friday Night Club, smelling Bimbo lie on his bed, roomy # 1, Table 'A'. **COMMENTS:** Saint Andrew's as an educational institution is excellent but not perfect. It must learn to put individuals before the reputation of the school. The friendships made here have seen me through the worst and the best times of the past five years and I hope they will continue to do so. You are all EXCELLENT people who are always welcome in Unionville. Saint Andrew's subjected me to experiences that helped me grow and has prepared me for LIFE beyond the gates. It also provided the push I needed to complete High School, leaving me with two important lessons well learned: 1) Self motivation and 2) aiming for excellence. Thanks, those will surely help in those years of Engineering which await me. Thank you for caring Saint Andrew's and thank you for all your support and sacrifices Mom and Dad. I now must surge ahead keeping my goals in sight and my memories in tact.

Jeff Jacox: 1974-81.

**NICKNAMES:** Dirt, Dirtman, Butch, Slimo, Skuzzard, Jaclothe. **FAMOUS SAYINGS:** "Hey ah, you got a butt?", "let me look!", "I don't know why I did that!", "Nice face Ted, wrong planet," "Any time buddy!", "I'm not coming back!" (but I did), "She's my sister," "Squeal like a pig," "I'm grovelling," "Blot, you're paranoid," "A mans got to know his limitations." **ACTIVITIES:** First football (2 years), First rugger, First team survival (7 years), President of Smoker, being dirty, rolling cars, annihilating guard rails = flat pocket. Being too honest, most gated in S.A.C.'s history, cheating the X-country two years in a row! Well Miss Ham I confess, I did it, alarms during chapel, organizing the construction of the wall, sorry Mr. Walden, Randy St. Andy brigade, S.A.C. firefighters association, even though there isn't a fire. Saving the schools electrical bills, via the boiler room. Member of S.R.C., M.M.H. and Friday night club. **COMMENTS:** It seems like the first day I got here in grade seven, I was in trouble (for not answering "yes sir") remember Mr. Harrison? I sometimes ask myself, how I made it through all these years and I have reached a conclusion. Keep smiling and persevere. Take the punches and don't quibble. Have fun but don't be malicious and take the consequences with honour. I would like to thank my best friend "The Swine" for everything and I hope to keep the friends that I have. "I know what I like, I like what I know; getting better in your wardrobe, stepping one beyond your show." Genesis. **NEXT YEAR:** Europe, Africa and Asia Trucking association.

Albert Harding: 1976-81.

**NICKNAMES:** Alpo, Spalp, Spalpeen, Alby 'ol bean, Alps, Alpometre, Alblow, Albatross. **FAMOUS SAYING:** "Jacox buy a pack of cigarettes," "Drew it's O.T. time," "Carter, do you know this crap," "Thanks a lot Cart.", "What a drag triple maths," "Raslassieye," "Do we have a Chem. class?", "I think I'll crash," "Let's go to the M.M.H.," "Bimbo, is your fridge open," "Prize Day will be one of the happiest days in my life." **ACTIVITIES:** First soccer (3 years), U15A soccer (2 years), U15B and U15A hockey, Second cricket, Architect and decorators of the M.M.H., S.R.C., interior decorator of the Chapel, alarming people in chapel, building snow walls over bridges, illegal (sly) smoker (3 years), official smoker member (2 years). **COMMENTS:** When I arrived at St. Andrew's College in grade nine all I wanted to do was to go home. I was coaxed on by my parents and grandparents and things got better from that point on (although I had my ups and downs). The education and sports are both top quality and friendships become lifelong. I've learned a lot in my five years and this experience will surely be a rewarding one. I'd like to thank all the teachers that helped me out, my tutor Mr. Whitehead who also coaxed me to stay and most of all my parents and my uncle who made this all possible. Thank you all. **NEXT YEAR:** Math Co-op at Waterloo (I hope?!).

Andy Dickson: 1979-81.

**NICKNAMES:** Flarp, Foldoe, Dicker. **FAMOUS SAYINGS:** "You got blammed; Eh . . . Eh . . . Eh . . . Dashright!", "You sir, are looney sir," "Oh my head," "It was the strangest thing sir," "Nardo . . . you gotta help me man!" "Oz," "I'll come if there's nothing going on at the village," "Buggins . . . No way . . . Don't come on to me," "Dirt, Blot, Rugs . . . a definite V.I. trip is in order!" "Kerbie . . . we gotta do what we gotta do," "Ir . . . (the human bean)," "Barney and Nic . . . Pssst." **ACTIVITIES:** First hockey, First football, First rugger, an avid member of the Friday Night Club, member of S.R.C. **COMMENTS:** It is quite tough to condense two years of S.A.C. into one short paragraph. I believe S.A.C. has helped me to grow mentally and physically both in the classroom and on the playing field. I have a much wider perspective on life and feel that I have a decided advantage on most people as a result of these last two years. I would like to take this opportunity to thank all the masters that have helped me, with special thanks going to Mr. Inglis, Mr. Hiltz and Mr. Smith, who have given nothing but encouraging words. However, the one person whom I'd like to thank most sincerely is my father, a man whom I respect more than anything else in my life.

Andrew Gregg: 1978-81.

**NICKNAMES:** Stump, Big V, Whitney. **FAMOUS SAYINGS:** "I got it, Buckaroo!", "I can resist temptation," "We shouldn't have used yogurt, Dave," "So what time do you want us there, Ken?", "How's your ten girl friends, George?", "He looks just like Eddie Monster!", "Move that from under the table, Rich I've no leg room," "You're a loser, nothing but a loser . . .," "What is this word 'Sex'?", "I didn't steal her!" **ACTIVITIES:** President Stella fan club, F.V.F.C. Savages coach and general manager, 1st basketball, invalid soccer (dumb sport), Cadet Lieut. Prefect, House Captain, Pyfron's cay party survival, member of Ack-up truck gymnastics squad; Independent, true bachelor club. **COMMENTS:** Perhaps I can consider St. Andrew's as a blessing: a reformation process that brought me into the real world. It "rescued me from floundering in the public school system," and for that I am grateful. I feel one can't fully realize the benefits of such an institution until they have experienced both sides of secondary school education. Here (to my initial disbelief) people care. Emphasis is one experience; a key to a full education. Four years ago I wouldn't have been caught dead in a kilt. Times change. Sure it has its misgivings; but nothing is perfect. Thanks Mr. Timms and Mr. Clements, and despite some differences, thank you Coach Ackerman. Mom and Dad already know my feelings. Need I say more? (Good-bye, S.A.C., hello world. **NEXT YEAR:** Carleton for journalism.

Ken Marshall: 1974-81.

**NICKNAMES:** Marsh, Dylan, Male . . .!, Roomey 4, Girl thief, Hot dog. **FAMOUS SAYINGS:** "Datchright!", "Let's go for a late night swim Dave," "V.I. tonight boys," "No stump, I am not going to throw a party tonight," "How was I supposed to know she was your girl friend," "Bernie, Kerr and Rugs, you guys and your morals," "Stop it!" "You think you're tired, get on the line," "I'm not on a correspondence course!", "Soccer is way better than football," "Great, another hockey trip," "Scat it's your turn for the party," "Another officer party!", "I promise I won't touch another girl till I go out with her," "Bimbo, out of my room." **ACTIVITIES:** 1st soccer, (4 years, capt. 2, M.V.P.), 1st hockey (3 years Asst. Capt.), 1st cricket (5 yrs. Capt. 2, M.V.P.), track and field, Lieutenant of # 2 Platoon. GBSSA track meets. **COMMENTS:** St. Andrew's has been an experience for me and one that I'll remember for the rest of my life. Like any institution, St. Andrew's does have its drawbacks, but its advantages far exceed these. Academically, St. Andrew's offers you a chance to improve immensely with tutoring etc. which I would never have had the chance to experience had I gone to a high school. Athletically, well St. Andrew's record speaks for itself, being one of the top competitors in the ISL league. I would like to thank people like Mr. Robinson and Mr. Whitehead who have made my stay at St. Andrew's an enjoyable one and who would help me whenever I needed them. I would also like to thank my mother and father especially, for giving me the chance to attend St. Andrew's. Many people say that you miss something in life if you don't get a chance to experience High School. As far as I'm concerned, I didn't miss a thing. The friends you make here are friends that you will have for life. Good luck in the years to come and once again, thanks Mom and Dad. **NEXT YEAR:** Rollins College, Winter Park, Florida.

Gerald Herbert: 1974-81.

NICKNAMES: Ziebart. FAMOUS SAYINGS: "Tell 'em how you really broke your arm Stu," "No I didn't smash up my car!", "I don't get it." ACTIVITIES: First team flee (M.V.F.), Cadet Warrant Officer. COMMENTS: 7 years. A long time. But I made it through despite Mr. P. Stuart's recommendation for public school and Mr. Wilkie's attempts to make an example of me by grading my second term work in grade twelve at approximately 0%. My comments are not going to be incredibly philosophic but I would like to say one thing which may be of use. I made one mistake which I regret very much. Busying myself with friends outside of school, I managed to neglect school, friends and all. Eventually I became somewhat of an affable outsider. To me, this is the most valuable lesson school has ever taught me. It is easy to break away from the crowd, but it is not so easy to live with it. NEXT YEAR: Seneca for Law Enforcement.

Greg Hiltz: 1974-81.

NICKNAMES: Gregor, Greggy, Spidey, Victor. FAMOUS SAYINGS: "Scotty, beam me up," "Don't worry about her age, John." ACTIVITIES: Cross-country skiing, Rifle team, Track and Field, Rock Climbing, Cadet Lieutenant, trying to pass my Father's Physics exams., Texas expansion week trip, CBI Filcrew, vampire circus, doing chemistry re tests. COMMENTS: One of the most important things I've noticed that SAC has to offer is the number of varied activities and sports, which keep life interesting even after seven years here; I've had some very good times and made some good friends. NEXT YEAR: Probably Waterloo.

T. Herbinson: 1975-81.

NICKNAMES: Herbalist. FAMOUS SAYINGS: "God, I hate this place!", "Piggy!", "Pound, if you bring that stick I'll break it!", "Shut up Huggins." ACTIVITIES: Swimming, Cricket, Volleyball, First team flee researching four legged projectiled. COMMENTS: My sentiments towards S.A.C. after being here for 6 years are mixed to say the least. I enjoyed France, P.E. lost = KE gained, right Mr. Stuart (see R.K. and G.L.C.). I have noticed that the school has a tendency to build people up until they have an unrealistic idea of their own importance, but a year away from S.A.C. usually crushes this 'big-fish syndrome.' Good luck Huggins! NEXT YEAR: Western.

Mark Lane-Smith: 1979-81.

**NICKNAMES:** Doc, Merc, Mercury, Mindflip. **ACTIVITIES:** Cross-country running and skiing, track and field, house plays, flag party, musicals (orchestra) mind flipping, Vampire Circus member. **COMMENTS:** The two years that I have been at St. Andrew's have certainly been the best two years of my schooling so far, and the most enjoyable. I have benefitted much from what St. Andrew's has to offer: school spirit, friendships, new experiences, as well as a good academic education. I would like to thank the staff and being, a mathematician, I would particularly like to thank Mr. Inglis for his many thought provoking math classes (although I still don't know what '3' is!). I am looking forward very much to next year, but St. Andrew's will always remain a source of pleasant memories. Thank you to all who made it that way. **NEXT YEAR:** Waterloo for Applied Math with Computer Science (Co-op).

Stuart Pound: 1976-81.

**NICKNAMES:** Spew, Spewford, Pegleg. **FAMOUS SAYINGS:** "Not tonight, ah!", "Come on, let me sleep, Ops." **ACTIVITIES:** 1st football, 1st rugger, squash, cadets (C.S.M.). **COMMENTS:** It has been an honour to come to S.A.C. and many of you may feel likewise. I've spent six years of hell for myself. Hell was a challenge, academically I had to work to get what marks I did, and the relief was to get on the playing field or beat Mr. Foy at squash. Six long years of something no "not something" but my secondary school life. Six years of good times and friends, like football V.I. and a friend who is honest with himself and you. Good-bye and good luck!

Kirk Brown: 1975-77, 1979-81.

**FAMOUS SAYINGS:** "Missing that class really made my day," "Sure, I'm still taking Physics." **ACTIVITIES:** Cross-country running team, cross-country ski team, LSD trips (long, slow distance runs), member of unconventional projectile research team, penthouse parties. **COMMENTS:** What this institution tries to provide over other schools is basically an all-round development of personal character. Some of S.A.C.'s methods are outmoded, but for the most part it succeeds at its task. After all, this school is full of strange and wonderful characters. I learned quite a bit at this place, some of it in those late night sessions before exams, and major essay due dates, but an equal amount through participation in the extremely extracurricular activities. **NEXT YEAR:** Either a B.Sc. course at the University of Guelph or else in Sweden.

Jim Van Nostrand: 1976-81.  
NICKNAMES: Jimmy, Vee. FAMOUS SAYINGS: "Great greetings Mercuroid," "Tin is more expensive than steel," "Gregory, 'ow many times do I 'av to tell you, don't be a mouse!", "I'm not dead yet!" ACTIVITIES: 1st x-c skiing, C.S. Marathon 1979 and 1980, occasional track, 345KKHX015MR, "The Outcast," "The Dock Brief," Warrant Officer, Celuloid Breakthroughs Incredible, Vampire Circus. COMMENTS: I've cursed this place many times while I have been here but I will definitely miss it after I'm gone. Thanks to: Mr. Lunn for coaching and equipment loans; Mr. Don Stuart and Mr. Paolini for helping me see what colour the light is at the end of the tunnel; Mr. Hiltz for the tacks, the darkroom key and the first incredible celluloid breakthrough. Very special thanks to Mom and Dad for making the whole breakthrough. Very special thanks to Mom and Dad for making the whole thing possible. NEXT YEAR: Hopefully Fine Arts at Trinity College, U. of T.

Christopher Ball: 1976-81.

NICKNAMES: C.B.I., Lord Sir Christopher Ball Esq., Cecil B. DeBall. FAMOUS SAYINGS: "Plasmic," "Good morning, lovely day for sicking up," "Hi Greg," "Merry Christmas and a happy St. Patrick's day" (all year round), "Camel Gates Forever," "increase your velocity." ACTIVITIES: First running, first cross-country skiing (GBSSA 1980), Ski marathon (twice!!), rock climbing, Cadet M.W.O., filming, (Camera Bums Inc.), beam walking, (risking my life for dramatic illumination), Vampire Circus Member, non visitor of tuck shop, pretending to jump on people from great heights. COMMENTS: There were millions of opportunities offered at St. Andrew's. I am glad I took many of them; (thank you Mr. Hiltz, for my first big break - and Mr. Foy for my subsequent ones). I want to thank my parents for giving me the opportunity to go to St. Andrew's, for experiences I have had here, have positively influenced my life and future. NEXT YEAR: Ryerson for Photographic Arts - hopefully.

David M. Matheson: 1976-81.

FAMOUS SAYINGS: "Well just sit and spin!", "I'd be a fool or a liar to say that . . ." ACTIVITIES: Drama Festivals '80 and '81, Centipede club, 'The Outcast' (1980) courtesy of CBI productions, 2-time laureate of the "15 mile blueball invitational," (Happy Angus?). COMMENTS: As these might well be considered my 'Famous Last Words' by which I am solemnizing myself, I'll try to be as profound as possible in the space allotted. Much can be said about a place like St. Andrew's, which to "outsiders" may shatter some preconceived images of a 20th century Camelot, while at the same time, fashion the clay in the casts of Old Boys memories. It is also difficult, upon reflection on a five year term here, to choose between those mental relics which legitimately warrant mentioning here and those whose recording may border on redundancy, though each may have borne equal significance at the given time; it is needless to add that only the bad times will be forgotten. By way of advice, simply remember that the sacrifices offered by your parents to send you here is their gift to you; what you make of St. Andrew's, is yours to them. To my parents, I wish my language had the versatility to express my debt, and until I find one that does, I fear my thanks must suffice. Exsurge Et Esto. NEXT YEAR: York University.

Gregory Thompson: 1978-81.

**NICKNAMES:** Soul, Soul. **FAMOUS SAYINGS:** "Rock 'n Roll is for the birds," "The Funk is where it's at," "Hey OPP's, you going to chapel this morning? No? me neither!!" **ACTIVITIES:** 1st football - 2 years, 1st basketball - 2 years, 2nd football - 1 year, 2nd basketball - 1 year, involuntary cadets - 3 years, disco weightlifting club - 3 years. All-star football game, June '81. **COMMENTS:** I would like to thank my parents for making it possible for me to attend S.A.C. For the most part, my time here wasn't too bad. I really appreciate the great teaching and counselling that the masters gave. My thanks to you all. I would also like to thank all the coaches I played for. You did an excellent job. Nuff said. Check you later. **NEXT YEAR:** Engineering - McMaster.

Arnold A. Cargill: 1974-81.

**NICKNAMES:** Dread, Magnum, Beany. **FAMOUS SAYINGS:** "Dis a serious ting," "Rebel star," "Hey soul, we watching Magnum man . . .," "Cadets today, holy \*;#@!!," "What dat is," "Hey man, stop playing," "We bad, we bad," "Bap," "Buff magic," "Well muddle \*@#!" **ACTIVITIES:** 1st basketball (2 years), 2nd basketball (2 years), 3rd basketball (2 years), 1st survival (7 years), and as for the rest, that's all history. **COMMENTS:** As I look back, S.A.C. has been a 7 year experience I will never forget no matter how hard I try! When I first left home to attend S.A.C. I thought I was going to heaven, when I arrived I realized I was in hell, and now that I am leaving all I can say is, "Thank God." Besides all of this S.A.C. has played an important part in my life, and will probably continue to do so in the days to come. I would like to thank all the masters for the things they did for me and not to me. Also, I would like to thank my parents for giving me, hopefully, a once in a lifetime opportunity of attending such a well renowned institution. The education was superb. At S.A.C. there are a lot of "green pastures," however, just as many dark alleys. If you intend to beat the system, carry a flashlight! **NEXT YEAR:** Commerce at McMaster or University of Toronto.

Michael Bédard: 1974-81.

**NICKNAMES:** Mikey, Gorf, Used Car Salesman. **FAMOUS SAYINGS:** "Guess who lost (again) last night, Neil?", "No, Bear you can't stay over in Dallas!", "Uno cerveza frio Bernie?" **ACTIVITIES:** 1st soccer (2 years), 1st basketball (2 years, co-capt.), 1st tennis (4 years), Cadet Captain, Mexico '81 (Leticia!). **COMMENTS:** Many opportunities are open to those who want them. To make the best of your stay at this school you have to accept what is available and work from there. If you are going to complain about everything then St. Andrew's doesn't need you - go to a public school. I have had a lot of great times in the past seven years and I hope that the friends that I made at this school and in Mexico (including Leticia) will last for many years to come. I forget his name, but good luck to the new headmaster. **NEXT YEAR:** WATERLOO UNIVERSITY.

Pete Irwin: 1978-81.

NICKNAMES: Fluff, Ir, Nirwin, The Herbalist. FAMOUS SAYINGS: "I'm up Mr. Timms, honest!" "Dickson change your underwear," "Er somethin, who's got a car?" ACTIVITIES: 1st smoker, founding member of M.M.H., smoker president, wakies, 1st x-country skiing, savages, visiting guest of Friday night club, 1st sleeping. Caesar's palace. Snow wall and swastika builder. Skipping the X-country. COMMENTS: I have mixed feelings about my years at S.A.C. It will probably take a few years before I will appreciate my stay here. The time went very fast and I met some good people. Thanks to Mr. Timms and all the other masters who helped me during my stay. Now I'd better stop before I start crying. NEXT YEAR: Work and Europe with Dirt!!!

Jeff Ruhl: 1980-81.

NICKNAMES: Shroom's, Blue Max. FAMOUS SAYINGS: "Don't work crash!" "How's it going fatty?" ACTIVITIES: 1st football, skiing, squash. COMMENTS: The year went quickly and thus I was able to obtain my 13th grade. (Jeff was on the six year plan). Firstly I would like to thank Mr. Dunford for not displaying his long arm of the law to its fullest extent. Good times were had in Fourth house with a great bunch of guys. How could I acquit Stanborough for his ruthless attacks. The odd échappée is worth mentioning. Remember when the lights went out at S.A.C. Jetter, the N.R.A. did poorly, we always got caught. Now for the bell. The Sheriff's table was lunny. Look out Bimbo, fat Blots having a bash in that party room. Oh ya, sorry about those raids, head. Hey Prep, once you are a lawyer, come dig me out of Kingston pen and to pass the time away bring the wall with you. Dirt, buy a Peterbuilt. The Canada K Mart Mut. Lastly, thanks Ma and Pa for sending me here. NEXT YEAR: Off to become a formula 750 contender.

Daniel Scott: 1979-81.

NICKNAMES: Snotty, won. FAMOUS SAYINGS: "Where is the weekend?", "Colly time!", "63 more days!" ACTIVITIES: 1st cricket, vedge, sleeping in. COMMENTS: Although the school has not really got through to me, I hope that in the years to come its effects shall be more apparent. Many thanks to Mr. Timms for putting up with me for two years. Maybe one day he would understand how trapped I felt in the school system. Finally, my greatest thanks to my parents, both of whom have worked very hard to give me this opportunity for an all-round education. NEXT YEAR: Western.

Richard Alan Peters: 1980-81.

NICKNAMES: Rick, Ricky, Peeters. FAMOUS SAYINGS: "Sully, Dat was one great formal, D'ya hear!?" "You Jonny!", "Another spelling test in power English!", "You'll be kicked out if you do that Bruce," "Quaker Pool, of course," "Plenty wutless chicas!", "Wake up, Hal, here comes Mr. Smith!" ACTIVITIES: First swimming (M.V.P.), First volleyball, second cricket, track and field, First roller-skating (only SAC member), scholar, Cadet Private First Class, Egypt tour, Kilcoo camp, newboy, Mr. Kinney's hospital trip. COMMENTS: This year seems to have gone all too quickly, but the memories shall never be forgotten. It has been a successful year and I have achieved many of my goals both academically and athletically. I would like to take this opportunity to sincerely thank all my teachers and coaches for their guidance, especially Mr. Hiltz and my housemaster Mr. Smith. The people here are truly unique and after the first few weeks I discovered that the environment is geared for success. I owe a great deal to my very special parents who have given me this opportunity and an important stepping stone to the future. NEXT YEAR: Engineering.

Darrick Thomson: 1980-81.

NICKNAMES: Pepsodent, Dirk. FAMOUS SAYINGS: "Turn off the tap. You're wasting water." "Would you turn it down!!!", "Look at that sky!", "Say what?", "Q.E.D." ACTIVITIES: Sr. Cross-country skiing, Rugger, 2nd Football. COMMENTS: This was my first and last year at S.A.C. yet although my time here was short, I made up for it by learning a lot. However, the times that I learned the most were after school and usually when I wasn't looking for it or least expected it. I guess there is a lesson in that: - men cannot see what they have no eyes for, nor can they understand what they have not been prepared to understand. I learned a lot about myself and a lot about other people. All I can say to my fellow students is keep your eyes open and don't lose sight of that one narrow track that everyone has the opportunity to follow. I'd like to thank the Headmaster, Mr. Smith, and all other masters who have helped me over the course of this past year and into the future. Thanks Dad for enabling me to be part of this great school and for all your advice (esp. P.A.C.E.). Last but foremost I'd like to thank my Lord who gives me hope in all things, both seen and unseen, for we see through a glass darkly; but then face to face; now I know in part; but then shall I know even as also I am known. NEXT YEAR: University of Toronto, B.A., M.D., D.D.

François Perron: 1980-81.

NICKNAMES: Poisson, Doise, Franco. FAMOUS SAYINGS: "It's because you're English Angus, you said you wished you were born French." "But it's only got five hit dice." "Denis, ça ne me fait pas up plis sur la . . ." ACTIVITIES: Cross-country running, "fitness," 1st sleepers, Texas cruise. COMMENTS: Definitely St. Andrew's has been a unique experience. "Close encounters of the Buggin's type" that I will never forget. It's an experience for which I can take a different view a 1 year dip. I'll have to admit that I was wondering what I was doing here at first but now looking back on the year I can say that it's been a slice! NEXT YEAR: Mechanical Engineering at McMaster.

Christopher Kerr: 1976-81.

**NICKNAMES:** Cries, Bambi, Kirby, Lyk-Aldildo-Willow etc. **FAMOUS SAYINGS:** "Thanks Bruce," "Huggins you're not a normal guy," "Let's hit Huntsville," "Bernie we lived in Banff," "Shirl's fault," "You're gittin it," "Eby stole it," "Come to our Student Placement Centre," "A man's got to do what a mans got to do." **ACTIVITIES:** Prefect, 1st football (Capt.), 1st rugger, Drum Major, Best Cadet (no, I wasn't on my knees), Service Committee, House Captain, Sessions, still making with Bernie, the "gate," late night visits to Mr. Ray's door with Dicker, member of the Sheriff's table, traditional breakfast parties, Quebec and Florida (thanks Gin). **COMMENTS:** It's time now to go home and looking back I feel extremely appreciative. St. Andrew's has helped me to alter my previous destiny and left me with valuable experiences that are hard to attain elsewhere. I'd like to say thanks to my mother who did everything to put me inside these gates, to Mr. Harrison who guarded them, to Mr. Smith who made them semi permeable, and to my countless friends, masters and coaches who have made this one fantastic experience. Thanks again Mom for your support. From the beginning you knew what was right!

Warren Stoddart: 1974-81.

**NICKNAMES:** Stods, Big Steel Man, Prep., Steve. **FAMOUS SAYINGS:** "No, I won't tell you how much my shirts cost," "Hi Steve," "I can't, I'm going out with Catherine," "Who wants to play pool?", "Excuse me, sir, could you give me two for .25 (Chris and Terry). **ACTIVITIES:** Prefect, Scholar, 1st football, 1st rugger, Cadet Captain, debating, not catching passes, bird-napper, being married, driving to the formal, arguing with Bruce, defending the Prefect's name and not getting mad doing it, wearing expensive clothes, part-time member of the Sheriff's table, gas-guzzler. **COMMENTS:** Having spent close to half of my life at St. Andrew's I find it difficult to express all my feelings in so short a space. It would be a lie to say that all of my experiences at the school have been good, but the good outweigh the bad immeasurably. This year has been particularly rewarding for me in that I have achieved those goals I looked forward to seven years in the way of academics athletics, cadets and as a prefect. St. Andrew's makes great demands on its students but there are incredible rewards for those who desire them. I find it unfortunate that people with a negative attitude remain at the school and attempt to influence other people to their persuasions. I am indebted to the headmaster and most of the masters for helping to make these past seven years so worthwhile. I thank Catherine for being so patient with me, but, most of all I thank my parents for giving me the unique opportunity of going to such a great school.

David Opie: 1974 and 1979/81.

**NICKNAMES:** Skippy, Preppy, Dopey, Dopes, Horseman, Jetur, Da-a-a-vid, Op's, Jay. **FAMOUS SAYINGS:** "It's the basis of society Dave," "Blot is Baaby," "Pull out of it before its too late," "Hey Moley, Got a date for the formal," "Hey Cup, it's freezing in here," "You're just an animal Jefferey," "Ruhl, it's my week for the key," "Seriously MacDonald don't tell anyone," "Pound get out of my bed," "I can't believe he checked my cupboard and not yours," "Ross, who's going to win the bet," "Remember Jeff, I won't suck out when the going gets tough." **ACTIVITIES:** Squash, tennis, soccer, rugby, debating, Mayfest, guard duty, savages, nunchakus, 1st closet club. **COMMENTS:** My two years and two months at SAC have been a most memorable and joyfilled experience. I feel the atmosphere of SAC has prepared me for the years to come and I am very grateful. In a way it's going to be disappointing to leave SAC but after 13 years of school I'm ready to broaden my knowledge and education. I would like to thank my friends for all the good times which I shall never forget and I wish them all the very best in the future. I am extremely grateful for the sacrifice my Mom has gone through to send me here and I thank her dearly. **NEXT YEAR:** Wonderland then U. of T.

Neil Andrew Stuart: 1974-81.

NICKNAMES: Pods, Moley, Cavey Jr., Cave-boy. FAMOUS SAYINGS: "Flag Party, Attention!", "Don't leave me your rejects this time Casanova," "Hey Buddy." ACTIVITIES: Second football, second hockey, second spare, Cadet Lieutenant. COMMENTS: After 7 years at S.A.C. I seem to owe my success to a hand full of teachers who believed in my ability during a time when I refused to show it. I thank these teachers the most for making my life at S.A.C. more successful and enjoyable (Mr. P. Stuart, Mr. R. Ray, Mr. R. Meagher). S.A.C. has been a good experience for me. I have made lots of friends and have lost a couple in the process. I have come to appreciate the numerous advantages the school offers. A school like S.A.C. helps create a happy mind and a healthy soul. What more can one ask from a school. NEXT YEAR: Waterloo or Seneca for me.

Brian Eby: 1977-81.

NICKNAMES: Wej, Brother Eb's, Steiner, Mr. Chelas. FAMOUS SAYINGS: "I spell my name 'Danger'," "Kerr and Ruhl are married," "Oh no! not Huggins," "Get some sleep Huggins." ACTIVITIES: Friday Night Club, Sheriff's table member, session, international relations, 1st tennis, 1st skiing, 1st football. COMMENTS: I will never forget St. Andrew's. Especially the V.I., Mexico, the gate, "Adv waba," and many other interesting experiences. Huggins and Kerr... always an odd number and 'Pal' suffering from M.S. Seriously though, St. Andrew's has been a great experience. The sports were great and so were the people. It's definitely been an all round education. I would like to thank my parents especially for providing it. Also, I would like to thank Mr. Smith for putting up with Bernie and me. Although I used to hate this school I can now appreciate it, even Cadets. Thanks. NEXT YEAR: McMaster.

Scott Smith: 1979-81.

NICKNAMES: Bear, Teddy, Hammy, Big Guy, M.S., Scooter, The Alltime Spare Bear. FAMOUS SAYINGS: "I swear Bimbo," "Your the coolest Blotus," "All you have to do is to invite me Stump," "Book on her Sammy," "Can I use your can Chris?", "Vamanos Cabrones," "Party with a Prefect," "Are you sure we're not breaking any rules Huggins?", "It's true that day boys get it more often." ACTIVITIES: First tennis (captain, I.S.L. champs), Squash (M.I.P.), Second basketball, 216th place in C.C., advertising editor of Yearbook, survivor of Quebec (2 year veteran), the Mexico experience, newest member of R.R.R., Founder of the Friday Night Supper Club, coordinator of the famous Bear Bashes, trying to straighten out Rich's love life, infrequent guest at the V.I., Friday studying at the Brown Dirt, cadet warrant officer. COMMENTS: I'd like to thank a couple of amazing people, my parents, for the opportunities and the support they have given me. My only regret about my stay at S.A.C. is that I was only here for 2 years.

Michael J. Rugeroni: 1978-81.  
NICKNAMES: Rigs, Rugs, Smelly, 200 Pound baby, baby Rocko, Salla.  
FAMOUS SAYINGS: "Bruce Shut Up!", Me!, "Don't second guess me,"  
"lives man," "V.I. Friday night," "S.R.C. is a farce." ACTIVITIES: First  
football (Capt.), First hockey, First Rugby (Capt.) Prefect, Cadet Major,  
Training Officer, Stage Manager "Anything Goes." COMMENTS: S.A.C.  
from the outside looks like a country club, from the inside it is a place of fine  
academics, sports and many great people. Three years ago when I walked  
through the front gates I just saw these fantastic grounds and not what the  
school really represented. Many thanks to my parents for giving me the  
chance to experience S.A.C. Now that I leave, I have had the best of both  
worlds. Thanks, also, to John and Dale and everybody who helped me when I  
needed it. NEXT YEAR: Hopefully, University of Western Ontario or Ot-  
tawa University. Good luck to you all.

Bernhard Ruhl: 1974-81.

NICKNAMES: Little Ewey, Yoda, the master, Ruhl master. FAMOUS  
SAYINGS: "Get a job," "talk to me," "Ya right on!", "Tell me about it,"  
"Later pal . . . much later," "Watch your yarbles," "he lives (Luc)," "the wej,  
heavy!". ACTIVITIES: 1st team tennis 3 yrs., 1st football (M.V.P.), Cadet  
Captain (B comp.), honourable member (SRC), sessions, Friday Night Club,  
member of Sheriff's table, studio 209 international relations (Mexico). Three  
years in MacDonald House, grade eleven rooming with Rigs, late nights at  
B.C.'s B.C., P.G., P.H., grade twelve, I didn't want to be a House Captain  
anyway, lived in a H.C.'s room for a night, sunrise 3 years in a row after  
formal, married women, Chris and Bruce, we lived at Kerr's (almost died), met  
James thank God, we lived in Banff, grade 13, V.I., S.R.C. Headquarters, the  
gate, the house, convincing Huggins to do what he doesn't want to do, saved  
by Mr. Smith, always having an excellent weekend, escaping to save my  
sanity, Chela's, avid chapel goer, causing a rebellion . . . almost, I still watch.  
Basketball, you need friends, thank you prefects. COMMENTS: I have  
belonged to St. Andrew's for six years and during these years the experiences  
and knowledge that I have had and gained I hope will stay with me forever. I  
was scared, at first, unable to find my way around, following classmates to  
their lockers at break. Now I know how to find my way around in the dark.  
Take advantage of all that the school has to offer, excellent sports, a good  
education and the friends you make here are the best. I am really glad that I  
came to S.A.C. and I am forever indebted to my parents for sending me here.  
Thank you Mr. Smith for putting up with me. NEXT YEAR: McMaster for  
Business.

Normand Côté: 1979-81.

NICKNAMES: Normie, Flying Frenchman, Starman-Normand. FAMOUS  
SAYINGS: "Vive le Quebec," "Too bad you don't speak French!", "AN-  
DREW, WAKE UP!", "Montreal is better than Toronto." ACTIVITIES:  
Hockey, Football, Squash, Golf, driving and working on the RX-7! COM-  
MENTS: These two years at St. Andrew's College were very quick, never-  
theless they were full of new experiences, new friends and new challenges;  
mainly the one of learning English. It was very hard for the first seven  
months because at the beginning all I could say was basically yes and me.  
With the time and the patience (a lot!), I overcame it. Now that these years  
are over, I feel very proud because I never thought that I would see the light  
at the end of it. The best ways to go through are to live one day at a time and  
be positive. For all this, I would like to thank two groups of people who helped  
me to get this second language. All my teachers for giving me the en-  
couragement and a lot of help, and finally, my parents for giving me the  
opportunity of meeting this great challenge. NEXT YEAR: McGill  
University, Montreal in Management and Marketing.

Bruce Huggins: 1979-81.

NICKNAMES: Nuts, Buggins, Thumper, Hogants, Betty, Kissy 60 year old, world wadulate champion 1979-80. FAMOUS SAYINGS: "Lucan lives in all of us," "Going to see the doctor in T.O.2," "John, Helson, for you for me," "Apparently, you know it, I know it now it's established," "Kill, kill, kill," "No really ohhh," "Party at Bears," "Got one for us Rugs," "Kerr, would you clean the room," "talk to me Bern, you've got the ra ra disease," "Eby musta stole it," "right on . . . on," "this time Bern we're out for sure," "watch your oh no's," "look at the size of his double heads," "I gotta get Coles' notes for sure," "hey Steiner," "Bernie shut them up." ACTIVITIES: General nuisance, member of SRC, football, basketball, Kerr and I issuing dailies at the Student Placement Centre (special mention to Terry and Palli). Comments: Well, well, well, here I am in my final year at S.A.C. and it's my chance to express how I feel. I would first like to thank my parents for all their support and the masters who put up with me, especially Mr. Smith, my housemaster, I must give him credit. I would also like to thank Chris for selling this place to my father and myself. S.A.C. is a fine institute of which everyone should have the opportunity. I have benefited from S.A.C. greatly and I am sure it will be an asset to my future. Long Live the spirit of the S.R.C. Thanks S.A.C. NEXT YEAR: Queens or Western.

Andrew Carter: 1976-81.

NICKNAMES: Nardor, Shock, Jimmy. FAMOUS SAYINGS: "Marshal, where's my tape?", "How's life?", "You dog, Ruhl!", "Narfo, you meretricious wh . . .", "I think we should quality test it." ACTIVITIES: 1st soccer, 1st cricket, 1st curling, Sergeant in Pipe Band, D and D House Captain, reading Dave's comics. COMMENTS: I would like to thank my parents, the Scholarship Foundation and Mr. W.H., Yuill for making my schooling at S.A.C. possible. Also a special note of thanks to the staff, who make S.A.C. what it is. S.A.C. is a fine institution. I will always remember the people I have met here and the times we have had together. At S.A.C., both the masters and the students have to give - whether it be of their time, knowledge or friendship - in order to receive. "Ask, and it will be given you; seek and you will find; knock, and it will be opened to you. For everyone who asks receives, and he who seeks finds, and to him who knocks it will be opened." (Matthew VIII, 7 and 8). NEXT YEAR: Guelph or U of T.

Michael D. Nutbeam: 1978-81.

NICKNAMES: Newfie, Beener, Nuts, Daddy, Old Man of the School. FAMOUS SAYINGS: "Hey Pete, Gotta Butt?" "I can't help it if I'm married," "I wish Joy was here," "I love my sleep," "Only 39 days left," "Let's go down to Shirley's," "I wonder what I'll be doing this time next year?" ACTIVITIES: First Football (2 years), First hockey (3 years) M.G.R., Pipe Major (2 years), Stage crew "Anything Goes," First team sleeper, Snow wall building. COMMENTS: St. Andrew's College has been a valuable experience for me. It has its drawbacks, which have affected me, but, I have benefitted more from the many advantages of the school. I have learned that what you get out of S.A.C. depends on what you put into it. I have gained life long friends as well as a superior education. I have to thank my parents for being so great to me, Shirley, Alf and Sherry for helping me through the hard times, Mr. Geoff Smith for waking me up in the mornings and being such a great person, and all my friends who are TRUE friends. Again, thank you St. Andrew's, you will always be a part of me. Thanks Dad. NEXT YEAR: Europe or work.

R. Knowles: 1976-81.

FAMOUS SAYINGS: "Double digit release," "So, who'd you fall in love with this weekend, Graham?", "Forget Hebert - he's in orbit," "Em, right ok, Seneca for you," "Would I?!" ACTIVITIES: Counting backwards to June 2nd; researching four-legged projectiles (our apologies Mr. Stuart - we didn't mean to drop it), assorted second, third and non team sports, "Anything Goes" (special effects), S.A.C. in France, scholar. COMMENTS: I find it very difficult at this point in time to analyze my very mixed feelings about S.A.C. Possibly it will be easier in retrospect. Certainly the last year has dragged by and the battle to remain positive with the establishment, my peers and the academic curriculum has been a losing one. So, in site of a lot of good times and a few tremendous individuals, university will come as a welcome and refreshing change. May those leaving encounter the best of luck. NEXT YEAR: Engineering, U. of T.

Harold McCrea: 1980-81.

NICKNAMES: Hal, Hey you! Big Hal, Goalie. FAMOUS SAYINGS: "No, I don't understand sir!", "What is Math C," "where is the party this weekend," "decent, indecent," "Memorial house answering service, may I help you...?" "No Nutbeem is not here!", "Remember the semiformal? I don't." ACTIVITIES: 2nd soccer, 2nd hockey, track and field, 2nd spare, 1st team potato team, 1st team cripple, the last to meet Frank. COMMENTS: It is hard to be a new boy grade 13. The disadvantages make it interesting and challenging while the advantages made it the most enjoyable school year of my life. I would like to thank all those who helped to further my academic and athletic achievements. I would like to thank my father for the co-operation and support that he provided throughout the school year. I would last of all like to thank my friend Graham for the Math 'C' help? NEXT YEAR: Lakehead (lunatic asylum) - Forestry.

Graham Lindsay Collins: 1976-81.

NICKNAMES: Grahmus, Brows. FAMOUS SAYINGS: "Hal pull out of it," "double digit release," "seriously Rod I really didn't fall in love this time," "right, okay, Seneca for me," "here there sure, sure," "he can't even speak English." First soccer: 4 years (captain, MVP), First hockey: 2 years, First track, First physiotherapy, Cycling Team, 2nd cricket, House Captain, Scholar. SAC in France, Property manager - "Hello Dolly," Special effects "Anything Goes." Drummer for Pipes and Drums. Researching four-legged projectiles, sorry Mr. Stuart, Math "C" space cadets. Power English tennis sessions. COMMENTS: The rigours of academic training and an education epitomized by the profound wisdom and encouragement of Mr. Harrison, for whom I have the greatest respect and to whom I will be forever grateful, are rare experiences, to be relished only by the privileged who attend St. Andrew's College. The guiding hand and moral support of such admirable characters as Mr. Bédard will remain forever amongst my memories. With the immeasurable support and care of my parents, I have been able to realize the goals which I thought would always remain mere dreams. Their sacrifices were immense but this only enhanced the triumphs and tribulations of my years spent at SAC and rendered the experience so much more than a shallow encounter. To these people I offer my sincerest gratitude for allowing me the "chance" and for having "cared" enough to ensure that I made the most of the tremendous opportunities SAC makes available. NEXT YEAR: Dartmouth!

Shawn Cymbalisky: 1979-81.

NICKNAMES: Awww, Sambo, Moose, Bosam, Tubby, Fatty, Hot dog, Awwbaliste. FAMOUS SAYINGS: "Aww I'm confused." "Are you in Aww!", "Is Aww a concept or a reality?" "It's beenoreal." "Physics is definitely a concept!" (of what?). ACTIVITIES: First Football ('80, '81), Second basketball ('80), First Basketball ('81), First Rugger ('80). COMMENTS: St. Andrew's has been one hell of an experience! The school has shown me a lot of good times and some bad times. But I know for sure the school has prepared me for the outside world. I want to thank my parents for sending me to this great school. And to my friends whom I am parting ways with, like Pink Floyd said, "Shine on you crazy diamond!" NEXT YEAR: Probably get married.

John Helson: 1979-81.

NICKNAMES: Searg, Disco, D. the D.H., Helsron. FAMOUS SAYINGS: "What's your problem," "You get two," "Amazing." ACTIVITIES: 1st rifle team, fitness, rock climbing, 1st team spare and staying fat. COMMENTS: S.A.C. is more than just a school - it is an unforgettable experience that benefits those with an imagination. In only two years, I have learned so much that will, in time, be very useful. I would like to thank my parents and family for the sacrifices made to allow me the privilege of attending S.A.C. Also in expressing my gratitude, I cannot forget Dr. Hockin, Mr. Bédard, my housemasters and the terrific staff at S.A.C. THANKS. NEXT YEAR: Bigger and better things whether it be school or the big cruel world.

John Lanthier: 1980-81.

NICKNAMES: Lawn chair. FAMOUS SAYINGS: "Cosmic man." ACTIVITIES: Cross-country running, hockey, tennis, spare riding. COMMENTS: I arrived when sent, left when I went. Spent my time, spending time, some words of wisdom, some incomprehension, sometimes boring, mind soaring. Or fierce and impetuous, but said Confuscious; function of X, I'd prefer . . . ; scalpel hell, what a smell; left right left right, dead straight sight; sore head bone, get on the phone; tell them I'm sick, think I'm chronic; rolled with the flow, but now must go, with goal in sky, say good-bye. NEXT YEAR: Queen's, Arts and Science, majoring in Biology.

David C. Lawrence: 1978-81.

NICKNAMES: Chin, Lightning, The Red Machine, Richie C., Gums, Duracell, Coppertop, Red, G.L.'s, L.B. FAMOUS SAYINGS: "Let's mosey," "what's for vittles?", "let's take a gander," "Who stole my cookies, Chris?", "Pass the clorets," "Open your eyes, Paul," "My hair is blonde not red," "Brampton's No. 1," "Stodds, you're married," "Do you remember what you just ate?", "Bimbo, your . . . !", "QUIPASA," " . . . Leroy Clark." ACTIVITIES: Prefect, House Captain, Social Committee Head, Mayfest Co-ordinator, member of debating executive, props manager of "Anything Goes," Cdt. Lt., Co-editor of Review, 3rd football, 2nd football (Capt.), 2nd basketball with Adwaba, Birdnapper, Quebec (3 yr. veteran), Washington (1979), R.R.R. member, swimming in Omstead's river, one night member of Friday Night Club, host of Dave's Disco, hot chocolate break in Frank's room, sufferer of morning sickness, victim of Paul S. (1978/79) not being allowed to buy Bimbo a drink (Que.), assistant in stealing "The Tape." COMMENTS: St. Andrew's has been a valuable experience for me. I have learned a great deal in the past three years and I have concluded that its the people and friendships that are the key to success here. I'd like to wish all my peers the best of luck in the future. Finally I'd like to thank my family for their unending support during my stay at S.A.C. (especially G.M.L.).

Jeffery Long: 1977-81.

NICKNAMES: Bimbo, Bims, Family, Farmer, Lloyd. FAMOUS SAYINGS: "Shrooms man, let's do some," "Blot fool," "No I don't have a date!", "Huddle," "I swear Bear, you're the coolest." ACTIVITIES: Prefect, Housecaptain, debating (Sgt. at Arms), First Football, Second basketball, First rugby, quartermaster, scholar, Mayfest social committee (sorry Dave), socializing, Quebec (2 year veteran), sessions, "The Tape," (sorry Chris), Bimbo's Taxi service, Roomie # 2, 1/2B2, formal 1980 (thanks Joey), Scotland Yard, funny feet Aspen (Thanks Lesley), jazz band, buying Dave drinks, table "A" FVFC, car rides with George, birdnapper, the "gate," answering to Bernie, R.R.R., hiding George's bears, lying in bed. COMMENTS: Five years seems like an eternity now. That eternity was filled with many life-long memories both good and bad. Many strong friendships which should last always were made, and many which I thought strong, broke. Thanks to Messrs. Clements, Hiltz and Timms for immeasurable help and guidance. Finally, thank you Mom and Dad for more than words can ever tell. "But the dream seemed to end just as soon as it had begun was I to know? For the last thing of all that was on my mind, was the close at the end of the show. The shadow of a lonely man, feels nobody else. In the shadow of a lonely man - I can see myself. A. Parsons. NEXT YEAR: U of T, Engineering or Commerce.

Jim Owen: 1977-81.

NICKNAMES: Scudge, Larry, Moe, Slugger, Slug Lawrence, Woo Woo Woo. FAMOUS SAYINGS: "I'll be done tomorrow Frank," "Sir, can I take my once a week leave tonight," "Terry, clean up your mess," "I gotta go call Jacqui," "It's not for me, it's not my ring," "Very preppy Terry," "Sure my car's just as good as a caddy." ACTIVITIES: U16 Soccer, 3rd football, 2nd football (2 yrs. champs) 4 years curling, Savages, Mayfest, debating judge, prompter (2 yrs.) play, chapel decorator, cadets (Private First Class, 4 years). COMMENTS: At S.A.C. it is not what you learn in the classroom that is important, but what you learn outside them. St. Andrew's is not "just a school" but it is an experience that I can look back on and not regret. I think I'll send my son here. Thanks to Mom and Dad, the masters at S.A.C. and all my peers during these 4 years here. NEXT YEAR: Wilfred Laurier University (Business Admin.).

Terry Webb: 1978-81.

**NICKNAMES:** Stinger, Zapper, Sting-Zap, Zzzapp!, (and other derivatives thereof), Typifies (Bruce and Dirt), Turtle? **FAMOUS SAYINGS:** "Get out of here, you big dummy," "Dave your hair's turning redder," "Seriously, you guys let's go to Africa this summer," "Are you going to History today?", "Sir, I was wondering if I could go home this Friday?", "Dear Sir . . .", "Have you started your History yet?", "I'm not a blatant liar, honest," "No, I'm not coming for my daily," "You guys are sick!". **ACTIVITIES:** Mayfest secretary, Ski team (Captain), visiting the student placement centre, Debating executive service committee (2 years), fighting with Ken and Huggins, Tennis (sort of), writing letters (especially to get out of classes), performing Baptisms with Stump and Frank, cadet (S.M.) **COMMENTS:** This is about the fifth time I've rewritten my comment and I'm trying to avoid being philosophical. The difficult part is that it forces you to look very hard at all your experiences here . . . well if I'm so nostalgic it must have been worthwhile. Thanks Mom and Dad, I may surprise you sometime and Mr. Timms, I'll try to keep my room neat next year and watch my punctuation. **NEXT YEAR:** U of T.

George Jackson: 1974-81.

**NICKNAMES:** Fanshawe, Ambush, GED, Giovanni, Jack, Chicken, Yard Hide, Jacksonman, Sshh!!, Janitor "J." **FAMOUS SAYINGS:** "Coach, I am tough enough," "Rich, how many beers in a 24?", "Stop being obnoxious stump!", "Lightning! . . . Ambush!", "Bimbo you fat thing," "Hey Pal," "Let's do it man, we're # 1," "you whanker," "So what are we doing this weekend?", "Jump Stump Jump!", "Here we go red team, here we go!", "I'll do it tomorrow, I've got a spare." **ACTIVITIES:** 1st football, MIP, MVP, Capt., 1st rugger, MIP, Capt., various cricket teams, 3rd football, MVP, U15 football, U13 hockey star goalie, 1st basketball, head cheerleader, R.R.R., F.V.F.C., Stamp and Stella's navigator, car trouble with Bims, defending the bears, Quebec '79, '80, '81 . . . Washington '79, Egypt '80, D.J'ing for L.A. Dances, lusting for and beyond your body, going crazy trying to phone Mitty, going out with the clan, weekends at Lawrence's, partying at Bear's and Dave's and Ken's, house capt. prefect, lieutenant 1 platoon - best platoon . . . thanks guys, Table A with the sheriff, 1st choir, birdnapping Bob the Bird. **COMMENTS:** Condensing 7 years at SAC into a paragraph is like condensing the history of the world into a 5000 word essay - impossible. So I won't. A lot of good friends were made and a lot of experiences were had. I must thank them for that. It was a great way to spend 7 years. Thanks. "The road goes ever on and on, down from the door where it began. Now far ahead the road has gone, and I must follow; if I can. Pursuing it with weary feet, until it joins some larger way, where many paths and errands meet. And whither then?, I cannot say. J.R.R. Tolkien.

Frank Volckmar: 1979-81.

**NICKNAMES:** Franco, Sultan, Honky, Freak, Foot Mouth frank, Freakmeyer, Flank. **FAMOUS SAYINGS:** "She really wasn't my best friend's girl friend," "Blotis," "Come on Hubert don't let me down now," "John, rearrange my room a little at 7.00 and 10.00," "Hey, underwear on de floor," "Stump, I think that it's time for a baptism." **ACTIVITIES:** 2nd football, Mayfest Committee, kidnapping team, (Champs), outstanding member of the Bachelor Club. Corporal in cadets, Mayfest construction committee head. **COMMENTS:** I feel that my experiences at S.A.C. have been varied and have been good preparation for the future. I know that my last two years have been well worthwhile for I have made good friends, good memories and good cheer. I'd like to thank my parents and Chris for supporting me even though they live so far away. Next year I plan to study engineering, and I wish the best of luck to those who have set their goals for next year. **NEXT YEAR:** Queen's or Western or McMaster.

# FRED OMSTEAD: HEADPREFECT

Welcome.

My opening statement was going to be, "Thank you, Mr. Meagher for the sunshine." Somehow that no longer seems appropriate. Actually, Father Meagher told me that it was going to rain.

I just returned from two great days of sailing with Mr. Gibb on Georgian Bay and during this time prepared my comments for today on the back of a paper bag. Anyway, one of the crew who shall remain nameless used a particular paper bag to comfort his agonies. And so, along with his sea-sickness went my words of wisdom. Needless to say, I had to ~~start over~~.

It's difficult choosing what to talk about at occasions like today because the topics are endless. However, I have decided to discuss St. Andrew's as an institution whose primary aim is to prepare its men to live in a very complex and dynamic world - a world that can be very bitter and corrupt as well as one that is very wonderful and rewarding. In the news, we hear of terrible tragedies like the shooting of the Pope and we hear of victories such as Terry Fox's Marathon of Hope. We must learn to tolerate the sick minds that would attempt to kill such a fine man, and we should admire and support that invincible courage of Terry and use his life

as a model of an ideal Canadian - a Canadian who by the words of a reputable News Broadcaster, "Has done more to unify Canada than the Prime Minister."

It's crucial that we realize now fortunate we are. Some people go through this school without taking advantage of the vast opportunities available. This minority doesn't want to be here as they are taking up valuable spaces for others who would better appreciate what St. Andrew's has to offer. The key to this place is involvement, and I congratulate those who made such occasions as the Musical, Mayfest and the Cadet Inspection the great successes that they were. People who get involved in extracurricular activities are those who belong here and I am proud to say that the vast majority of people here lie in this category. For our age, we are amongst a minority of the luckiest people in the world. It is so very important that we take the time to realize it and use this opportunity as a means to better ourselves.

Everywhere you go you are bound to meet people that you envy as well as people that you pity. There is always going to be someone smarter, better at sports, more popular. On the other hand there will always be people less fortunate. Likewise, everyday of your life, you'll experience days that you will dread as

# VALEDICTORY

well as days you wish never had to end. The important thing is to keep reality in its proper perspective and use all of the many opportunities with which you have been blessed. Remember that if life was always perfect, we would soon take it for granted and become bored.

Some (if not everyone) found coming to St. Andrew's a difficult experience. A Newboy has many changes to make; he has left his family, his friends, his school and all the other things he has come to know. Unfortunately, not all of us can tolerate these changes and leave. But, for those who return, there are rewards. These Newboys soon make new teams, make new friends, achieve good marks, and secure an education that will last them a lifetime.

In this example, the good times have developed from the bad and the individual is the stronger in the end. Hence, St. Andrew's teaches us to be tolerant, and tolerance is a quality that will help us always.

I was particularly impressed with the school spirit this year. There was a consistent effort to attend our many games. Successful days like those experienced this year can only be attributed to the people involved: the players the coaches and the supporters. watching a team working well together is a rewarding experience. Each player has his own task and these tasks meshed together with spirit form the ideal team. The losing team should not feel badly if its loss was due to lack in skills; likewise the victorious team should not be overjoyed if its victory was not the result of giving all. The most successful teams are those which work well and together on and off the field.

If there is one thing unique to a place like St. Andrew's it's the friendships that are formed. I believe that one of the most important ingredients to happiness are the friends that you have. People are a resource dependent upon themselves. The contact we have with our peers is unending, we live together, work together, party together and the list goes on and on. These friendships should be cherished and will undoubtedly live on long after we leave this school.

Change is an ongoing process here at St. Andrew's and soon we will have to bid farewell to some of our most highly respected Masters, Mr. Gibb, Mr. Macfarlane, and Mr. MacPherson. These Masters represent a great tradition here at St. Andrew's and will be sincerely missed. Other long service medals should be awarded to Joe in the Dining Hall and to Mr. Don Huntley, who has recently retired. All of these men have given over thirty years of their lives to this school and for this we thank them. On behalf of the College, I would like to bid farewell to our Headmaster,

Dr. Hockin and his wife Mary, and wish their family all the best in whatever the future holds. Mrs. Bray will also be leaving us this year so that Miss Austin is once again at the mercy of all those male Masters. With these changes will come new Masters of great caliber and I am confident that next year's Headmaster, Mr. Bedard, will maintain the tradition of this fine institution.

As for the *Graduating class*, thank you for helping to make this year the great success that it was. In whatever you do may you be happy and successful.

For those returning, be proud of your school, and thank you for helping to make my experience one that I always cherish and be proud to have been a part of.

Thank you, and have a good summer!

Nicknames: Cutsie, Omstud, Head Suction Cup, Billy Boy.

Famous Sayings: WA; Dana, may I please borrow your car for one last time? Tiny Bubbles; Five Foot Two, Jacox, my Mom hates you and so does Shannon.; R.R.R.; What's all this about Studio 209 Rich, quit posing for your picture. QUEBEC 81, 82, 83...

Comments: "O time stand still." Like everything else, some times were rough, more were great. Thank's especially to Mr. Whitehead, my great friends and my whole fantastic family. All have supported and encouraged me since the word go.

Next Year: Toronto.

## 1981

# PRIZE DAY

## ST. ANDREW'S COLLEGE PRIZES 1981 LOWER SCHOOL HONOURS

<i>LOWER II</i>	1.	R.G. Abrahams	90.2
	2.	G.F. McGinnis	89.2
	3.	J.P.G. Hoffman	86.5
	4. =	S.T. Amelio	81.4
	=	S.W. Dengler	81.4
<i>UPPER II</i>	1.	F. Hadeed	86.0
	2.	T.A. Dow	85.4
	3. =	W.A. Harris	83.5
	=	A.J. Rothwell	83.5

## LOWER SCHOOL SPECIAL PRIZES

The Art Prize for proficiency in drawing	G.F. McGinnis
The Prize for highest standing in Music and Art combined in Lower II.	
The prize for highest standing in Social Science combined in Lower II.	R.G. Abrahams
The Kilgour Prize for proficiency in Composition and Grammar	
The Mathematics Prize for highest standing in Lower II	
The Prize for highest standing in Music and Art combined in upper II	W.A. Harris
The Mathematics Prize for highest standing in Upper II	T.A. Dow
The Lower School Music Prize	D. Mason
The John Young History Prize for proficiency in History in Upper II	
The G. Campbell Spelling and Writing Prize for Upper II.	F. Hadeed
The Winnett Prize for highest general proficiency in Upper II.	
The Edith Grant Trophy to the new boy in Macdonald House who has shown the greatest improvement towards becoming the ideal Andean	F. Hadeed
The King Memorial Trophy for the boy living in Macdonald House who excels in studies, games, deportment and character	S.D. Omstead

Fred Omstead giving his valedictory address on Prize Day.

PRIZES 1981  
FORMS III AND IV HONOURS

FORM III

1.	R.A.F.C. White	91.0
2.	Y.J. Lee	88.0
3.	S.M. Glynn	87.8

# AUTUMN

# FIRST FOOTBALL

*Front Row:* Bassel, S., DelMedico, D., Jacox, J., Rugeroni, M., Kerr, C., Jackson, G., Nutbeam, M., Pound, S., Crawford, A. *Second Row:* Holloran, S., Begg, K., Dickson, A., Stoddart, W., Thompson, G., Ruhl, J., McLean, C., Wilkinson, B. *Third Row:* Dr. T. Hockin, Frank, H., Redding, M., Elliott, A., Mewhirter, K., Hawley, M., Heimbecker, J. *Fourth Row:* Mr. A. Foy, Ardill, S., Wright, J., Tyner, J., Cymbalisky, S., Omstead, D., Tanner, R., Eby, B. *Fifth Row:* Mr. G. Ackerman, Barnard, D., Huggins, B., Ruhl, B., Long, J., Hawley, A., MacDonald, R., Brown, R.

Coaching the First Football Team was most enjoyable even though we did not win the championship. A group of fine young men eager to learn and play made this possible.

Rising above the loss of two of our co-captains, Mike Rugeroni and Chris Kerr in our first game, the team went on to win the rest of our matches.

The leadership and two way play of Captain George Jackson was a feature of every game as it has been for the past three years.

I would like to thank my co-coach, Aubrey Foy, for another year of excellent coaching. His well schooled linemen were the best in the league as usual.

Congratulations to our M.V.P. Bernie Ruhl and our M.I.P., Mark Hawley.

G. Ackerman

It always seems that if a team doesn't win in this league the team had a character building season but for first football this year it was not the case. With a record of 7 and 1 who could say it was a character building season.

Right from day one of training camp the spirit was high and coaches Foy and Ackerman anticipating another fine season. But how could any team go wrong with the hard and explosive running of "Dirt" Jacox and "Blot" Hawley and formidable and awesome people as "Soul" Thompson and Bimbo Long and the fast learning rookies McLean and

Ardill. But for those rare occasions when our ground game wasn't the best attack we would go to the air with confidence. Al Crawford would connect with such pretty people as Jeff Wright, John Tyner and Brian Eby for a long threat and our short strike would go to Kevin Mewhirter and Warren Stoddart who could turn a short pass into a long gain. A special mention should go out to Mark Hawley who came off the bench and led us to win against Ridley and saw action thereafter with fine results. When we did score, extra points were added by a soccer player who saw the light (Rich MacDonald) and when we punted Mike Rugeroni got us out of trouble by really putting it to the pigskin.

But what about the defense?

Our defense went through many changes and different types of defenses to find the right combination. Led by graduates of the school of hard hitting people like our MLB Bernie Ruhl who roamed the middle and was a master of disaster. The defensive backs had their moments of triumph and glory. Stu Pound and Jeff Ruhl both scored defensive touchdowns and Bruce Huggins got an impressive interception against UCC while only playing one handed. The defensive line was always improving while having its share of fumble recoveries and QB sacks. It was anchored by Shawn Cymbalisty and rookies Steve Holloran, Angus "Crazyman" Elliott, Dana Omstead and awesome Greg Thompson. The unit played with determination and proved themselves on many occasions. Special thanks goes to "Downtown" Robby Brown who put up with us, to Coach Foy who whipped us; to Coach Eyers who taught us and to Coach Ackerman who showed us what the game is all about.

"Action" Jackson

# SECOND FOOTBALL

*Front Row:* Stephenson, P., Lawrence, D. *Second Row:* Trotter, A., Taylor, R., Nikolajevich, A., Gilliland, B., Thomson, D., Wishart, D., Somerville, P. *Third Row:* Crawford, J., Morrison, S., Dunkleman, D., Shanks, R., Maura, M., Elliott, M., Smith, S., Arkell, T. *Fourth Row:* Boulter, K., Lorimer, J., Cade, J., McConkey, B., Leslie, R., Redding, M., Callahan, P. *Fifth Row:* Owen, J., Stuart, N., Nettie, S., Callahan, K., Cote, N., Steinhauer, F., MacDonald, M., Germaine, Y. *Sixth Row:* Mr. R. Kinney, Kiff, S., Williams, B., Volckmar, J., Volckmar, F., Kipp, J., Freer, K., Mr. G. Smith.

The 1980 Second Football Team were champions, again, for the sixth year in a row. The team was fairly well-balanced with great coaching, outstanding running, good passing and excellent receiving. The defence was extremely solid and kept us in the game many times.

We started the season fairly early by playing Ridley after only a week and a half of practising. We defeated them by a narrow margin. A few days later we played a tough game against U.C.C. and came out victors. Our next match was against T.C.S. at S.A.C. We beat them quite handily.

At this point, we were halfway through the season and we knew that we were No. 1, however, the test was still to come. We had to prove to the other schools that the first game against them was not just a lucky break. We captured the championship by beating U.C.C. and Ridley in two very physical matches where both the offense and defense played well. Our final game was against T.C.S. where our confidence got the best of us and we were defeated.

Every member of the team will have gained many memories from this past season. Who could forget the daily practises when your being told to stay "up" in grassies or your being called a "knob" by Mr. Smith for doing something wrong. The defense

seemed to concentrate on Mr. Skinner's command of "hitting low." Finally everyone will remember Mr. Kinney's sadistic 30 minute games of offense against defense where the loser had to run laps. Hostilities grew on both sides but in the end I think everyone would agree that the offense got the best of the defense, right Neil?

Great coaching and strong offense and solid defense = ISL Champions and good times.

Jackson. *Fifth Row:* Zeiger, W., Meares, J., Bowe, L., Omstead, S., McKague, M., Frank, T.

### THIRD FOOTBALL

A 3-6 season can't be all bad but when you fail to reach your potential it is still frustrating. The Thirds had talent this year but poor execution and an inability to 'put it all together' cost us possibly 2 games. Phil Wood was our hardest running, most consistent runner as his 30 point season would indicate. Tiemans, Van de Vecht and Schofield played solidly in the other backfield positions. Mitchell, who played so well defensively, was given a chance to play flanker and showed a lot of promise. We had, for the first time in a long

while, a TD through the air as Ward passed to Azan in our first game against UCC.

In all, the boys improved their skills and hopefully will be a credit to either the Thirds or Seconds next year.

### FOURTH FOOTBALL

As the three year veteran coach of the Fourth Football team this had to be the most enjoyable season coaching.

We did not have as many super stars as we have had in the past, however we did have a lot of guys who wanted to have fun playing and learning football.

There were many outstanding events both on and off the field. Jay Rosenfeld's kickoff return that almost broke for a touchdown, Mike Bassel really used his head against Appleby, LeRoy Bowl and Les Fur came in and played halfback in the last game of the year having only learned the plays two days before. Chris Stevens and Jay Dickins had an outstanding pebble winning game at Ridley in the rain, Jon Meares' end sweeps which rarely were stopped, Chris Maura's great head on tackles at the corner linebackers position, Brad Long's long snap on the fake punt, Chris Seaga's secret weapon, Chris Walden our tough grade 7 future animal, Willie Zeiger's safety blitz, Dave Mahr's bone crushing tackles, utility man Shawn Omstead who played Defensive Linebacker end corner linebacker as well as halfback and quarterback and Paul Keating's and Ken Rae's effective cross bodies and pass receptions.

Since we are limited to a space, I must stop but I could go on with a story about every player on this team. Mr. Raaflaub I have thoroughly enjoyed coaching this team of fine gentlemen.

ABJ

# FIRST SOCCER

*Front Row:* Harding, A., Beckwith, P., Collins, G., Marshall, K., DeVita, R. *Second Row:* Tredgett, D., Ogryzlo, M., Lutley, R., Carter, A., Marshall, G., Mr. P. Stuart. *Third Row:* Dr. T. Hockin, Clark, B., Moreland, A., Cattapan, R., Bedard, M.

What a year! The team began the season on a glorious note by winning the ISAA tournament at Pickering College. That success gave the team the confidence it needed to compile a fine record and become joint champions of the ISL.

The excellent record does not, however, in anyway do justice to the excitement and emotion underlying the games which were played during the last weeks of the season when it became necessary to win the final three championship games. To then beat, in succession, Ridley (2-0), Crescent (2-0) and hitherto unbeaten Appleby (2-1) in the last game was a superb achievement.

There were, of course, fine individual performances throughout the season, particularly by Adam Moreland, (defence), Graham Collins (mid-field) and Ken Marshall (striker) who between them did much on and off the field to lead the team to a fine record.

Many of the team will be leaving this year and I wish them the best of luck. I look forward with much enthusiasm to the rebuilding of the team next year and with the young talent available we should do very well. Finally my thanks to the team for their hard work and dedication this season.

Peter Stuart (Coach)

# I. S. L. C H A M P I O N S

The season was characterized by determination and spirit. Triumph in the preseason ISL tournament was indicative of the talent the team possessed. However, prospects were grim when we suffered an early defeat to a strong Trinity side. As a shot at the title demanded a flawless record for the remainder of the season, our backs were to the wall. The team pulled together and rose to the occasion. Our quest for a league title was successful. The season culminated with the victory over Crescent, our rivals in previous years, and the defeat of Appleby. After so much effort, the victory was certainly sweet. The hours grudgingly spent in training served to foster a confidence in our

play that was crucial in key games.

As the record reflects, the season was a memorable one. Those graduating this year have little doubt that SAC soccer will continue to flourish and taste victory in the future. Many devoted and determined players remain from this years squad to provide a sound base for next years team.

Our thanks to the devoted fans who continued to provide moral support through good and bad (snow and sleet!).

Graham L. Collins

# SECOND SOCCER

*First Row: Carser, J., Benito, J., Clark, G., Cooper, D., Bell, B., Lane-Smith, A. Second Row: Dr. T. Hockin, Kinnaird, J., Hissink, S., McConkey, P., Nuttall, R., Horne, A. Third Row: McCrae, H., Waghorne, G., Weir, R., Scott, N., Mr. P. Robinson.*

Champions once again! This is the third championship season that 2nd soccer had had in the last four seasons under Mr. Robinson's coaching. Although we started out very strongly, towards the end of the season we became lazy and we were lucky to win the championship. We lost one of our games to Hillfield who are not one of the better teams in the league; however we beat the teams we had to such as: T.C.S. 1-0, and 4-4, tied Ridley 3-3, and beat U.C.C. and Appleby on both occasions. The team was full of veterans such as: Grant Clark (captain), Doug Cooper (captain), John Kinnaird, John Carser, Steve Hissink, Greg Waghorne and Dave Tredgett. Neil Scott was our centre half and had 8 goals; Greg Waghorne was our top scorer with 16 goals. Our forward line consisted of John Carser, Greg Waghorne, John Kinnaird and Luis

Benito. The mid-field made up of Grant Clark, Neil Scott and Doug Cooper helped to feed the ball to the forward line. Neil Scott set up plays well and proved to be invaluable to the team. The backs consisted of Rob Nuttall, Hal McCrea and Greg Weir and they were the work horses of the team, very rarely letting attackers by them. In net was our returning veteran Dave Tredgett who kept us very competitive in all of our games until Mr. Stuart drafted him for the first team, so Andrew Lane-Smith filled in and did a very respectable job.

Finally the team would like to thank Eric Schmidt for being a great manager and Mr. Robinson for his endless efforts on and off the field.

D.G.C.

# U16 SOCCER

*Front Row:* Hopgood, N., Cericola, A., Bedard, P., Paull, J., Boyd, J., Lundy M. *Second Row:* Smith, R., Sifton, V., Yearwood, K., Isaacson, D., Suarez, A., Bicknell, B., Hart, B. *Third Row:* Doman, A., Lawless, G., Stewart, A., Crandall, P., Mr. D. Timms.

This year U16 soccer enjoyed a fine season with eight wins, only one loss and an average of nearly five goals per game. The leading scorers on the team were Amedio Cericola, Kevin Yearwood and Alex

Suarez (M.I.P.). Other forwards who also played excellently throughout the season were Derrick Baker, Mark Lundy and Robin Confort. The defence showed much consistency throughout the year. They were led at half back by John Paull and the two hotwater boys, Bruce Hart and Bruce Bicknell. At full back there was Jim Boyd, Peter Bedard, Andy Doman and Gregg Lawless. And then there was the team's backbone: Richard "Fish" Smith. Fish started the season with a series of questionable goals but, by the end of the season he was even diving and making brilliant saves for the St. Andrew's cause.

The rest of the team consisted of such notable stars as Tank Sifton, David Isaacson, Alex Stewart, Neil Hopgood and last but not least, the suicidal Peter Crandall.

Special thanks should go to Mr. Timms for coaching the team to a championship and for making sure that we got our two goals a game.

P.B.

# U15A SOCCER

Front Row: Henriques, P., Mason, D., Wyndham-West, M., Jeppesen, C., Barta, A., McNair, R. Second Row: Sutherland, K., Pugliese, J., Dawood, F., Doman, S., Kerr, T., Greenham, T. Third Row: Mr. J. Clements, Mueller, T., Locke, P.

This year's team, ably led by co-captains Mark Wyndham-West and Chris Jeppesen outscored every ISL opponent in regular season play to achieve an unbeaten record - the first time since 1975.

Such a successful season did not seem possible in the early stages when it appeared it would take forever to achieve a disciplined passing game. Careless defensive mistakes cost us unnecessary goals. However, enthusiasm and hard work more than compensated for these lapses.

We hosted the U15 Invitational Tournament in early September when we were able to reach the Consolation Final, eventually being beaten by UCC. The Championship was won by a strong St. Georges side, beating Crescent in overtime.

In subsequent games against Ridley, TCS and Appleby we built ourselves a comfortable 3 or 4 goal lead, only to see it disappear gradually in the second half. Nevertheless we always managed to win by one goal, to the immense relief of the coach!

Our final game at Ridley was our most rewarding victory - the winning goal being scored with very little time remaining.

This year's team was very young - 8 boys eligible to play next season, and with a number of young, skilled players at the U14 level, we should be able to field another strong side.

Special mention should go to Mark Wyndham-West who is moving on to greater things: he seemed to be able to score whenever it was necessary, and will be an asset to any senior team in the school: to Chris Jeppesen for his never-ending enthusiasm: to Todd Greenham, our goalie, who showed constant improvement throughout each game, and to all the boys who helped in achieving a most successful and exciting season.

# U15B SOCCER

*Front Row:* Lee, J., Dunlap, G., Aston, J., Rothwell, A. *Second Row:* Mr. T. Paolini, Bub, G., Craig, D., Woo, J., Selley, G., Craig, W. *Third Row:* Lamensa, J., Ogryzlo, D., De Piero, A., Rubbens, E., Mr. R. Ray.

This year's U15B season started in real confusion and ended in real satisfaction. I can hardly recall a squad at this level that looked more disorganized and dispirited at the start of things. The U14's with whom we share a practice field were even more eager than usual and ran rings around us; it seemed that each time we got a combination working the key man in it was promoted to improve what became a formidable 'A' team. The single factor that made the difference, in addition to the willingness of the boys to learn, was to my mind, the addition of Mr. Paolini to the coaching staff. Gradually the boys gained some mastery in the drills he devised and saw these skills working in game situations. Some valuable experience was acquired very early when we were invited at the last moment to take part in the invitational tournament held at S.A.C. We salvaged one tie from the three games, but did hold the eventual champions, S.G.C., to a respectable 3-1 score. Of the seven league games that we played, we were successful five times. The two teams to whom we lost, U.C.C. and Appleby, we also beat in the other half of those home-and-home fixtures. Apart from one happy day against Ridley

when everything seemed to click, it would have to be said that our strikers Erik Rubbens, Andrew De Piero, Alex Rothwell and Gary Selley, never quite lived up to their potential. The greatest improvement was made by the defense and mid-field corps, Jeff Woo, Joseph Lee and David Craig (The M.I.P.), along with the ever-dependable duo of John Lamensa and captain John Aston, co-winners of the M.V.P. award. David Ogryzlo and Greg Bub each made strong personal contributions; Greg Dunlap and William Craig were forever dying to get onto the field from their starting substitute assignments. By season's end we felt that a great deal had been accomplished; the team was playing as a team. They had begun to believe in themselves.

Pre-Season Tournament:  
vs. S.G.C. Loss 1-3  
Appleby Tie 1-1  
U.C.C. Loss 0-4

Regular Season Games:  
vs. Ridley Win 4-2  
U.C.C. Loss 2-3  
U.C.C. Win 4-2  
Ridley Win 10-1  
Ridley Win 5-1  
Appleby Win 3-1  
Appleby Loss 2-3

# U14 SOCCER

*Front Row:* Rheeder, K., Manze, M., Boston, B., Coady, D., Hart, B. *Second Row:* Eide, D., Frederick, B., Nouel, R., Coulson, B., Phillips, T., Lau, P., Amelio, S. *Third Row:* Dow, T., Mr. S. Treasure.

The U14 soccer team enjoyed a very good season this year. Although there was no championship at this level the competition and rivalry were keen throughout the season and several hard fought matches provided the spectators with exciting soccer. Considerable credit must be given to the team for displaying determination that enabled them to come back despite early goal advantages by many of the opposing teams. One of the high points of the season was achieved when after trying U.C.C., we went on to play a tough Ridley team from when we eventually

wrestled a victory after fighting two gruelling games that had ended in ties. The team was unsuccessful however, against a very powerful Appleby team. Many players contributed outstanding performances and special credit should go to our goalie Todd Dow and to our centre half Mark Manze. Kelly Rheeder proved to be a brilliant right winger who set up our team captain and M.V.P. Blair Boston for many goals. The most improved player award went to Sergio Amelio.

# VOLLEYBALL

*First Row: Merkel, D., Bourne, J., Steers, M., Bourne, R., McKee, D., Duffield, J. Second Row: Dr. T. Hockin, Goodyear, J., Roda, P., Wilson, J., Pierpoint, J., Mr. I. Wilkie. Third Row: Stuempel, M., Silva, A., Peters, R., Bradshaw, G., Duffield, M., Clausen, N.*

This year the volleyball team was made up of eighteen hard working and enthusiastic young men. We were led, by such stalwarts as Joe Goodyear, Marks Steers and the Bourne brothers, to great heights. The greatest of these was reached when our junior team won a York County tournament and advanced into the finals for the whole county.

Over the whole season we played 64 games and managed to win 32 of them. This season was the best St. Andrew's Volleyball teams have yet had.

To all the people who worked hard to make the team a success, my thanks. Special thanks to Mr. West and Mr. Ackerman who were most helpful during the season.

I.M.W.

# CROSS-COUNTRY

*Front Row:* Harris, W., Hadley, S., Johnston, R., Ball, C. *Second Row:* Dr. T. Hockin, Perron, F., Fox, R., Twiss, M., Harris, J., Brown, K. *Third Row:* Sullivan, P., Gorwill, I., Britnell, T., VanNostrand, J., Lane-Smith, M.

The 1980 SAC Harriers competed well in a host of competitions. These included the UCC Belt-line relays, the York County Secondary School meet at Vivian Forest, the TSSA meet at Hyde Park, the G.B.S.S.A. meet at Earl Bales park and the annual ISL meet at Ridley.

Strong individual performances by Paul Sullivan (1st in York County, 2nd in GBSSA), Chris Ball (5th in ISL Meet) and the up and coming Bill Harris (9th in ISL) highlighted the season.

The recruitment of students to the cross-country program has always faced stiff competition from soccer and football. However a burgeoning group of dedicated runners promises to add the element of serious team competition to the good fun we had this year.

# SAVAGES

*Front Row:* Ms. D. Austin, Stanborough, P., Lynde, A., Irwin, P., Apple, D. *Second Row:* Gregg, A., Hadley, S., Laing, G., Burns, B., Esfakis, A.

The Savage's this year consisted of a mixed bag of talent under the fine management of Andy Gregg. The team spirit was outstanding in our games against Trafalgar Castle, Havergal, and Branksome Hall. Soccer proved to be our strongest sport as we were led to victory on several occasions by such talented

players as David Opie and Arnie Cargill. Derek Apple should be commended for his superb effort.

Mrs. Bray and I were pleased to have had the opportunity of coaching such a fine group of gentlemen.

# FIRST HOCKEY

Front Row: Steinhauer, F., Beckwith, P., Marshall, K., Dickson, A., Collins, G., Tredgett, D., Stephenson, P. Second Row: Mr. A. Dunford, Somerville, P., Wilkinson, R., Begg, K., Coulson, D., Crawford, G., Lutley, R., Rugeroni, M., Cooper, D., McLean, C., Crawford, A., Callahan, K., Moreland, A., Mr. J. Clements.

It is always difficult for a team to make the transition to a new coach and that transition characterized the season of the 1980-81 St. Andrew's Saints First Hockey. We got off to a very slow start losing our first two games of the ISL (3-4 to Trinity at home and 5-6 at Ridley) and facing annihilation in two holiday tournaments at De La Salle and U.C.C.

The team started to take form in the New Year, but not quickly enough, as we lost 8-4 at UCC in our first game back in the ISL. This was followed by a not very artistic effort at home against Lakefield, in which we gained our first point of the season.

Incidentally it was not a very good year to be in transition in the ISL as several schools (according to their coaches) iced their best teams in years (ie. UCC, TRINITY, LAKEFIELD, RIDLEY, APPLEBY). Add to this the relative unfamiliarity with losing which SAC 1st hockey players tend to have and you begin to appreciate what a severe test this season was for the character, unity and spirit of our team.

To the credit of our players, their answer to this adversity was harder work, patience, and a shared belief that the things we were trying would eventually work - and they did. At Appleby, Al Crawford scored with only a couple of minutes left in the game to lift us to a 5-4 win - our first of the season. Our next two games were losses but the way we played was encouraging. Against an awesome UCC team (16 wins - 0 losses) we stayed close (2-1 with 6 minutes left) and at Lakefield we totally dominated play but were beaten by a brilliant young goalie named Phillip Sopol. The wins then finally started to come: 8-6 at Crescent, 8-4 over Ridley, 5-3 at St. George's. The annual Loyola Tournament in Montreal occurred during this streak and although we didn't win we played very respectably. Behind the solid goaltending of Paul Stephenson, we managed to defeat Pierrefonds

5-4, Al Crawford and Bob Wilkinson teaming up for the overtime winner, and in our 2nd game we lost an exciting 2-1 match to the eventual tournament winner, Riverview of Moncton, N.B. Fred Steinhauer played brilliantly in that game. Back in the ISL we won our fourth and fifth in a row; an excellent defensive win at Trinity 3-2 and a come from behind 8-3 victory at Nichols.

Our good play continued right into the Georgian Bay playoffs. At Almaguin in the first game of a round-robin series with the team and King City, we surged into a 6-1 lead by the end of period one. This was undoubtedly the very high point of the season. All 3 lines, Collins, Lutley, Callahan - Dickson, Wilkinson - Coulson, Tredgett, Beckwith were in high gear and Kelly Begg was at his steamrolling best. The defence, Rugeroni, McLean, Cooper, Moreland, Geoff Crawford and Marshall played admirably as did Fred Steinhauer in goal.

Perhaps we were slightly dizzied by the heights we had reached for by midpoint of the 3rd period we found ourselves deadlocked at 6-6. It took a dramatic 11th hour goal by Bob Wilkinson to give SAC the win. The series resumed the following week in Aurora - with an extra attacker. Ken Marshall's goal with just over a minute left gave SAC the tie with Almaguin.

This, followed by a 9-7 home ice win over King City set the stage for what we felt would be the championship game at King City. This wasn't to be. With 44 seconds left to play and the goalie out, King City scored to go ahead 2-1 and this, combined with an 8-5 win over Almaguin, gave them the GBSSA championship.

Through all of this emotion and disappointment we managed to lose to the 3 bottom teams in the ISL - St. George's, Crescent and Appleby.

# SECOND HOCKEY

*Front Row:* McCrea, H., McConkey, P., Boulter, K., Holloran, S., Del Medico, D., Smith, S., Burka, J. *Second Row:* Mitchell, C., Lorimer, J., Crawford, D., Leslie, R., Cote, N., Frank, H. *Third Row:* Mr. R. Bedard, Callahan, P., Wright, J., Tyner, J., Barnard, D., Stuart, N.

This was a vintage Second Team; consistent, competitive, and competent. Occasionally it would transcend itself - such as occurred once against the most powerful U.C.C. Seconds we had seen in years. During the course of the season, nine defencemen and sixteen forwards performed giving the team the depth it has lacked in the past. Our good fortunes began with the advent of Holloran, Wright, Del Medico and McCrea who reinforced our much improved returnees.

Special mention should be given to our MVP Steve Holloran, and the MIP James Lorimer, and our productive trio of Paul McConkey, Sean Smith, and Craig Mitchell. Further, the steadiness of Jeff Wright and the occasional brilliance of Dan Del Medico should be underlined.

No doubt at least 4 or 5 will be performing with our Varsity team next year. For those who remain, think back to the good times we shared, the emotions we shared, and aim for another banner year.

Since this is my last year with the Seconds, allow me to tell you that I couldn't have ended my nine year stint with a better group.

RB

# U16 HOCKEY

Front Row: Aston, J., Baker, D., Marshall, G., Gilliland, B., Yearwood, K., Keating, P., Munday, B. Second Row: Mr. P. Stuart, Lundy, M., Barker, J., Phillips, B., Paull, J., Comfort, R., Isaacson, D., Meares, J., Lawless, G., McKague, M., Andrews, C., Rae, K., Guerrette, D.

This was the first season in which an U16 team was formed in order to represent the School and by its record one can certainly conclude that it was a very successful introduction to this level of competition.

The team was beaten just once in the ISL competition but disappointingly enough, that loss deprived us of winning the ISL.

The future is bright for next season, and with the

many lessons learned both on and off the ice we look forward to the challenge and hope to do even better.

# U14 HOCKEY

*Front Row: Bub, G., Frederick, B., Eide, D., Boston, B., Twedde, J. Second Row: Mr. R. Kinney, Coady, D., Phillips, T., Craig, D., Walden, C., Manze, M., Rae, R. Third Row: Doman, S., Fur, L., Anderson, C., Oliver, M., Greenham, T., Dow, T.*

This was truly an impressive season for the U14 Hockey team, creating an incredible 17-0-1 record - the first undefeated season in 10 years. During the season, many of the "big guns" missed games but the effort of Walden, Doman, Rae, Craig and Phillips filled the gap and helped the team maintain its hot pace. Between the pipes, the dynamic duo of Bub and Twedde gave us steady and at times, spectacular goal tending. Wilt and Stilt (Anderson and Oliver) on the blueline gave us moments of excitement and flashes of brilliance, while the tenacious checking of Manze and Fur kept our opponents honest. The playmaking skills of Dow, Eide, Boston, Greenham and Coady were a treat for any spectator - coach included. And lastly, there was the amazing Freddy. To all these players I extend a special "thanks."

Top Scorer	-	Fredericks	26
Top Points	-	Dow	51
Highest Plus	-	Dow	54
Penalty leaders	-	Fur and Boston	10 mins.

# FIRST BASKETBALL

*Front Row:* Bedard, M., Thompson, G., Gregg, A., Scott, N., Cargill, A. *Second Row:* Mr. G. Ackerman, Smith, R., Cymbalisky, S., Kiff, S., Bedard, P., Morrow, R.

The St. Andrew's 1980-81 first team basketball season began with high expectations and finished without disappointment, winning the I.S.A.A. championship for the second year in a row.

With four starting players returning from last years outstanding squad, we set our sights on not only winning the championship, but doing it by going undefeated.

The season began at Trinity College with the annual I.S.A.A. tournament. St. Andrew's won four straight games and the championship.

The team continued its winning ways, taking eight more games before suffering its first and only defeat at the hands of Upper Canada having beaten U.C.C. four times in previous games, we took them too lightly and paid for our overconfidence with a two point loss. We finished the season with five more wins to capture the championship, three games ahead of our nearest competitor.

Our season record was: -

I.S.A.A. League	-	13 wins, 1 loss
Overall		23 wins, 1 loss

Our four veterans, Mike Bedard, Arnie Cargill, Andy Gregg and Greg Thompson, were co-captains.

The starting five players were Bedard and Cargill at the Guards, Gregg at center with Thompson and Neil Scott at the forwards.

The best part of our attack was our running game, featuring an outstanding fast break, handled so skillfully by Cargill and Bedard. Their passing was superb. Great credit must also be given to the other three starters for their great rebounding, to start the break.

Arnie Cargill was a fine point man and scorer, setting up our offense with his excellent passing. Mike Bedard's steady play, featuring both scoring and fine defense was a key factor in our success. Andy Gregg's shooting and rebounding gave us power and scoring under the boards. Our strong man, Greg Thompson, contributed many timely baskets but it was his rebounding and defense that helped make us so tough. Our new man, Neil Scott, improved steadily throughout the season, giving his best effort in every game.

A lot of credit must go to the other five players on our fine team: guards, Rich MacDonald and Peter Bedard, forwards, Shawn Cymbalisty and Rich Smith and last but not least, our M.I.P. Stuart Kiff. They all gave their best efforts in practice and games to help make our season the great success that it was.

Arnie Cargill was selected "most valuable player" by his teammates. He was also our high scorer with 14 points per game.

It was a pleasure to coach this team and I am proud of their great skill and sportsmanship.

# SECOND BASKETBALL

*Front Row:* Kinnaird, J., Clark, B., Long, J., Maura, M., Hawley, M. *Second Row:* Lawrence, D., Houlton, J., Goodyear, J., Ward, K., Gorwill, I., Wood, P., Mr. G. Smith.

This was a team of character and "Characters." The former was guaranteed and nurtured as a consequence of a less than successful season - two wins and who knows how many losses. The "characters" were already there to begin with. What else can you call the members of a group with the likes of two Dunkelmans, Clark I, Long I, Kinnaird, Maura I, Wood II, Ward, Hawley II, Gorwill, Lawrence and Houlton, other than "Characters?"

Their character was also apparent in more significant ways - the good sportsmanship which was ever present, the enthusiasm which they brought to practices and games, the playing of the game for the sheer joy of it without worrying about whether or not they won, and the fact that they never quit despite how far behind the opposition they got. This made them to me, a special group, and it was a privilege to work with them this year, even though there were occasions when I was tempted to pull out my already much depleted hair by the roots. Thank you gentlemen!

No one player really stood head and shoulders above the others, but Mike Maura was certainly the M.I.P. for 1980-81.

# U16 BASKETBALL

*Front Row:* Jeppesen, C., Omstead, S., O'Connell, J., MacDonald, M., Gundy, M. *Second Row:* Mr. B. Somerville, Benito, L., Mahr, D., Kalra, P., DiPiero, A., Suarez, A., Ellerbeck, M., Gaskey, W.

This year's team was composed of several inexperienced and young players many of who were under fifteen and some under fourteen. As a result of being the youngest team in the league, we encountered very stiff and much more experienced competition. Nevertheless when we were victorious we were so resoundingly, when we lost we did so by only four points on many occasions.

However, considering the inexperience, the team made great progress throughout the season. Several who had difficulty dribbling and shooting at the beginning of the year developed their skills in these areas as the season progressed. Also the spirit on the team was fantastic and much thanks goes to our captain Martin MacDonald who kept our spirits up when the going was tough.

Since this was a learning year, hopefully with the return of several members plus some experienced additions we can have a victorious season next year.

M.I.P. Max Gundy  
M.V.P. Martin MacDonald  
Top Scorer Martin MacDonald

# U14 BASKETBALL

Front Row: Nouel, R., Oliver, G., Kerr, T., Coulson, B. Second Row: Dickens, J., Barta, A., Mason, D., Lau, P., Mr. G. West.

The U14 basketball team certainly did not set the world on fire with their performance this season but they did improve to the point where they gave the opposition something to work against. The early part of the season showed a total lack of experience and understanding on the part of our players, but by the end of the season their individual skills, their understanding of the various facets of the game, and their desire to complete were all sufficiently improved to enable us to again play those teams - to which we had lost earlier games by large scores - and to offer them a much more challenging game of basketball.

Thanks to those players who stuck it out through a losing season. Many so-called athletes would be unable to show the dedication that you did.

# CURLING

*Left to Right: Wilson, J., Owen J., Stanborough, P., Carter, A., Stillman, J., Mr. R. Jones.*

Following the pattern of the two previous years, S.A.C. curlers were a part of the York Curling Club junior curling program. We co-operated with Aurora, Newmarket and Huron Heights High Schools. St. Andrew's curlers took part regularly in an intramural program on Mondays and Thursday. The 15+ team had regular practices on Tuesdays, Wednesdays and Fridays with the fine coaching aid and co-operation from Mr. Jones and Mr. MacPherson.

The team went into many difficult and exciting tournaments many of which were above our caliber. Much improvement was seen throughout the year in all aspects of the game.

Curling on the 1st team were Jeff Stillman - Skip, Jamie Wilson - vice, Jim Owen - second, Paul Stanborough - lead and Andrew Carter a notably improved spare player.

Much was learned and a great amount of experience gained and this should prove helpful for next year's team. The second, lead, and spare will not be returning but many new and younger curlers are acquiring competitive as well as strategical skills which will prove helpful in the coming years.

J.S.

# SQUASH

## S E N I O R S

*Front Row:* Mr. D. Stuart, Opie, D., Brown, R., Bourne, J., Jones, B., Armstrong, A. *Second Row:* Smith, S., Duffield, J., Weir, R., Duffield, M., Wood, T.

**Senior:** This has been another building year for the squash teams at S.A.C. Although we lost all our league matches there are some highlights which should be noted. Bruce Bicknell won matches at S.A.C. against Bart Sambrook of Appleby and Don Coons or Ridley, both nationally ranked under 19 players, in what had to be some of the most gruelling and exciting squash of the season. Tim Wood, playing No. 2 for the S.A.C. squad, took a game from Dorion the strong Appleby second and lost 3-1. Throughout the season Geoff and Rich Bourne displayed the exemplary kind of spirit and effort that guided much of the play of the rest of the team.

**Junior:** The junior programme consisted primarily of a number of U 16 tournaments in which we did quite well. At T.C.S. we placed second to Ridley in a 4 team tournament, while at S.A.C. we finished 2nd again, this time to Crescent. A note should be made on the much improved play of Gary Selley who has had a successful season by and large. Our U 16 players are competitive and as they mature S.A.C. will have much more to show the other schools than the facilities.

**S.A.C. Open:** On March 8, S.A.C. held its first open tournament for all players inside and outside the school in the Under 19 and Under 16 categories. Boys travelled from as far away as Ottawa, Sarnia and Kitchener and between 5.00 Friday night and Sunday afternoon over 140 matches were played. Mike Donnelly of Hamilton won the under 19 final beating Ward Meek of Crescent 3-0, while Bruce Bicknell of S.A.C. beat Gary Waite of Sarnia 3-2 in the under 16 final.

The under 16 final was the highlight of the weekend as the two skilled players battled for over an hour for a decision.

To all players who participated in the programme this year, congratulations on your successes and, more importantly, your efforts. Keep squashing.

*Front Row:* Rothwell, A., Thompson, R., Wyndham-West, M., Ogden, J. *Second Row:* Selley, G., Selley, M., Woo, J.

## J U N I O R S

# SWIM TEAM

*Front Row:* Paton, S., Brooks, C., Hart, B. *Second Row:* Nourse, R., Apple, D., Cade, J., Kipp, J., Seaga, C., Peters, R., Agüero, E. *Third Row:* Ogryzlo, D., Maura, C., Lank, J., Clausen, N., Wells, T., Schofield, K., Stuempel, M., Silva, A., Black, B., Nirenberski, S., Mr. J. Walden.

This year's swim team showed a tremendous improvement in morale and in meet results as the season progressed. Our first meet of the year against Upper Canada College was a close competition that was not decided until the end of the final race. Upper Canada emerged victorious by the narrow margin of six points. The keen competitive attitude displayed in the first meet continued throughout the season. Meets that we lost were all very close - usually within six points.

Under the leadership of Captain Rick Peters, the First Team beat TCS and St. George's twice as it prepared for the ISAA meet at the Benson Building Pool at the University of

Toronto on March 14/81.

The point total that had been amassed by last year's team was surpassed after the first event. By the end of the meet, SAC swimmers had securely locked up 4th place and had more than five times the point total of the previous year.

Next year we should continue to improve. Our Second Team is young and there are many promising athletes. Both the First and Second teams will lose only one member each, through graduation. Captains Rick Peters' and Derek Apple's efforts and leadership will be missed.

**LET THE CLOCK  
BE YOUR GOD**

# CROSS-COUNTRY SKIING

*Front Row:* Ball, C., Sullivan, P., Harman, A., Hadley, S., Fox, R., Thomson, D. *Second Row:* Davies, T., Fournier, D., Abrahams, R., Stoppenbrink, P., Harris, B., Amelio, S. *Third Row:* Mr. J. Lunn, Lane-Smith, M., Harris, J., Brown K., Van-Nostrand, J., Carser, J., Twiss, M.

Although our snowy winter ended unexpectedly with unseasonably warm temperatures in mid-February, the SAC X-C skiers (including a handful of enthusiastic rookies from Lower School) experienced some exciting and rewarding moments in their 80-81 season. The dryland season began in early November followed by a four day training camp over New Years at Camp Wanakita in Haliburton. Dreams of sandy beaches and 35° weather abounded as the skiers puffed their way up and down hills trying to keep warm in the -25° C air. Yearning for more cold air, half the seniors travelled to Huntsville for the famed 35 km Muskoka Loppet. Being truly charitable Andreans, the team arrived 70 minutes late for the start as to give their competitors a fair shake. Throughout the racing season, SAC skiers consistently proved to be top contenders. The team's stongest placings occurred at Barrie (1st of 8 teams) and the G.B.S.S.A. championship (2nd, 5th and 12th of 15 teams).

Notable personal achievements included Paul Sullivan's second placing at TCS and Bill Harris' second in the ISAA midgets. Paul and Chris Ball were recognized for their excellence in skiing by qualifying for the provincial championships, only to have them cancelled for lack of snow. Next year will be a rebuilding one and as such is a great opportunity for any Andrean wishing to take up the exciting sport of competitive X-C skiing. Best wishes to the graduating veterans of the team for their service and enthusiasm.

# DOWNHILL SKIING

Doubtless many will never forget this year's Ski team. Outings to the wreckable cabin, Bruce's attempts to get into the starting gate, and Bernie and Adam's attempts to get their numbers straight helped make this an unforgettable and enjoyable season. Through the incredibly kind support and aid of Messrs. Sifton, McLean, Mulchinock, and MacFarlane as well as our tireless athletic directors - Ken and Mark, the ski squad persevered. The season was pockmarked by several ups and downs. We managed to win the York Regionals only to come second in the G.B.S.S.A.'s thus not making the All Ontarios.

Everyone improved a great deal with Brian Eby taking M.I.P. and Victor Sifton taking top honours as M.V.P. On a final note we'd just like to ask Bernie a last question - "Whose number was that anyways?"

P.S. 1 truck + 4 X 24 + 8 people + equipment  
+ 1 wreckabel cabin + rumbles = FINE  
MEMORIES.

*Front Row:* Brown, M., Leggett, C., Brett, P., Riedl, J., DiLorenzo, A., Horne, A., Eby, B. *Second Row:* Laing, J., Shanks, R., Tanner, R., Ruhl, B., Sifton, V., Webb, T., Sifton, D., Huggins, B., Mr. J.S. MacFarlane.

# FENCING

*Front Row:* Lawson, T., Scanlon, H., Soffe, P., Glynn, S., Sosin, T. *Second Row:* Mr. D. Hemmings, Hiltz, D., Young, D., Elliot, M., Redding, M., Juniper, T., Doman, A., Robb, J.

This year again saw a rather large number of boys turn out to try fencing. Senior fencers Juniper, Clark and Elliott were pressed into service cutting the group down to a workable size and then the long job of producing a fencer began in earnest. We found two incentives to work harder this year. One was a trip to the Metro Fencing Club to work with their coach; the second was a high school tournament sponsored by the same Metro Fencing Club. Although the tournament was held on a date which was quite inconvenient for us, April 25, well into the third term, five boys participated: Brian Clark, our club champ placed second, Trevor Juniper, 5th, Philip Soffe, our MIP, 6th, Mike Redding, 8th and David Young 9th. Some contacts were made which could make next year an even more interesting one.

# FIRST CRICKET

*Front Row:* Barracatt, M., Burka, J., Marshall, K., Carter A., Bourne, G. *Second Row:* Pudsey, S., Yearwood, K. Bicknell, B., Bourne, R., Horne, A. Crawford, A. *Third Row:* Mr. R. Orr, Harvey-Read, R., Scott, N., Seaga, C., Tanner, R., Mr. P. Robinson.

This year 1st Cricket had an exciting season. We had an impressive success against Ridley College, and a victory in the six aside consolation final against Appleby. Appleby was a formidable opponent and to beat them was a great accomplishment. To get them worried was a feat in itself. Our victory against Ridley confirmed this notion. When we played Appleby, our batting was not up to par, but the bowling was tremendously effective. The great John Burka and Ken Marshall (our captain) were the powerhouses of the team. John had a bowling average of 5.6 runs per wicket, while Ken had a 12.0 average runs per wicket.

Harvey Read, Richard Bourne and Bruce Bicknell all look promising as bowlers next year.

In batting this year Rob Tanner (also our wicket keeper) scored 54 runs in our game against T.C.S. Chris Seaga is a good prospect for next year and Neil Scott also looks promising. The batting of Harvey Read is surely to be a good point for the team next year and Bruce Bicknell is going to be strong as next year rolls around. The fielding of the two stars, CARTER and CRAWFORD is, of course, something that we will always remember. Al's impossible catch at U.C.C. stopped a definite four and a probable six. Al has come

through for the team as a star fielder this season, and hopefully can continue this next year. Andrew Carter also provided an excellent fielding display this season.

Our season was an exceptional one, the courtesy of the team was of true Andean calibre even when we didn't win. The team was always enthusiastic about the games and this was probably because of the phenomenal support of parents. As a whole, the 1st XI would like to acknowledge the great support of Mrs. Burka, Mrs. Marshall and Mr. Crawford. Of course, the responsibility of this excellent coaching and assistance falls upon the shoulders of four people. They are: Mr. Peter Robinson (Coach), Mr. Robert Orr and Mr. Holloran, our bowling coach. Mr. Orr and Mr. Sole (two avid helpers to the team) are both assistant masters visiting from Scotland. The season was well played by all members of the team. We say good-bye to a fine bowler and Captain, Ken Marshall, and to one of our specialist fielders, Andrew Carter. All the members of the 1sts, including Kevin Yearwood, Adam Horne, the Bourne brothers, Abe Barracatt, Mr. Robinson, Mr. Orr, Mr. Sole and of course, our HIGHLY efficient manager provided a strong nucleus for this year's team. We say good-bye and thank you to Messrs. Orr and Sole. Good Luck to the team for the 1982 season.

Shawn Pudsey  
Manager and highly efficient  
slave to Mr. Robinson

# SECOND CRICKET

*Front Row: Peters, R., Mafood, S., Ardill, S., Wood, P., Armstrong, T. Second Row: Yearwood, K., Boyd, J., Dawood, F., Doman, A., Nirenberski, S., Simpson A. Third Row: Arkell, T., Isaacson, D., Harman, A., Bourne, G., Mr. R. Ray.*

As one reflects on this season one has curiously mixed feelings; There is every reason to be proud of the team's record, certainly the best within recent years at this level. And yet as coach I would be less than candid if I did not admit that this success was in part offset by disappointing lack of commitment in some quarters to the good of the team as a whole. Even bearing in mind the imminence of exams toward the end of term, it was disconcerting to find some team members reluctant to play in the final games of the season. The will to win was not present in the last game and we elected not to make up the Appleby game twice postponed earlier. To say in effect - "yes, I'll play, but only if this poses no inconvenience to me personally" - falls short of the loyalty and good sportsmanship that one has come to expect in cricket. With that said, let me recall some of the happy, memorable aspects of the season. The leadership of the team was assumed quietly and earnestly by Steve Ardill with assistance from Salim Mahfood. We showed a marked preference given the choice to field first, and we had so many serviceable bowlers that promising ones such as Jim Boyd and Andrew Doman received fewer overs than one might have wished. Most distinguished was Geoffrey Bourne who bowled very tightly during a critical period in the T.C.S. game, and on another occasion took six Lakefield wickets. In David Isaacson we had an agile and determined wicket-keeper. We were unfortunate early on to lose the services of Scott Nirenberski due to a freak eye injury. Only at the season's close was he fit once more, but for that we are deeply thankful. We had some mighty hitters of the ball, Tom Arkell and Tonto Armstrong to name only two, but they rarely managed to protect their wickets for long and so build up a really good score. Most reliable with the bat was Steve Ardill with two innings of 30, one of those not out. Apart from Andrew Harmon who started as a complete novice and showed commendable desire to learn, our most improved player in the final games was Fahad Dawood. There were glorious moments we shall never forget, particularly Tom Arkell's boundary catch to close the T.C.S. innings and so clinch a very closely contested victory. One of the rewarding features of the season was the close and friendly relationship we built up with Mr. Jim Embury and the boys of Lakefield. We got to know Speedy, Sleepy, Boots and Cowboy almost as well as our own fellows. I hope that each and every one of the boys feels he has deepened his appreciation for this maddening and wonderful game, and that each will succumb to its lure again next year. There's marvelous potential budding here; I'd love to see it come into full flower.

Lakefield 144 for 7;	S.A.C. 100 for 7	- Draw
Lakefield 74;	S.A.C. 75 for 8	- Win
Ridley 72;	S.A.C. 73 for 1	- Win
U.C.C. 113 for 5;	S.A.C. 103 for 8	- Draw
S.A.C. 80;	T.C.S. 77	- Win
Lakefield 74;	S.A.C. 36	- Loss

# U15A CRICKET

Front Row: Mr. T. Harrison, Lamensa, J., Mason, D., Wyndham-West, M., Simpson, J., Henriques, P. Second Row: Brett, P., Brooks, C., Mueller, T., Greenham, T., Selley, G., McNair, R., Stoppenbrink, P.

We started the year with quite high hopes, for the side, though very young (9 boys under 14), contained players who had fair experience with the game. Our bowlers usually did a good job, and none of our opponents scored very many runs, but our batsmen did not usually display the concentration

and determination necessary for them to build up a winning score, so we lost all our matches but one. This team should do much better next year when it will be playing at the same level but its members will be a year older, stronger and more experienced.

Our captain, Mark Wyndham-West was the one player to bat and bowl well, regularly, and he is our M.V.P. Pearse Brett, a newcomer to the game, made much progress and he is our M.I.P.

Expectations were high at the beginning of the term with a nucleus of players from last years ISL championship team filling some key positions. However, as often is the case, injuries were the upset of the team. It was encouraging to have new players come out, and with no previous knowledge of the game or rules, fill some of the most demanding positions - notably Jeff Long and Adam Hawley who proved themselves to be more than adequate props. (Both their body shapes were perfect for that particular position).

Our victories in the ISL came against UCC and Crescent when the team played very well in parts and not so well in other parts. Ridley, Appleby

and TCS were always quick to take their opportunities when we were going through our 'not so good' parts and consequently we lost these three games, despite the fact that we never at any point in the games looked like we were going to give up trying - a tremendous credit to any team.

Opportunities to score so rarely as the level of play gets more advanced, and at first team level it was often just lack of game experience which prevented us from scoring many more points as the last pass went to ground or there was someone accidentally offside. However, I hope that all enjoyed their season and that they will play some more after leaving St. Andrews.

# SECOND RUGBY

Some athletic seasons are often described as "Character Building." This was not the case for U17 Rugby this year. I won't say that we didn't have our fair share of characters - one look at the team photograph shows that portion to be in error.

What we did have, however, was a championship season, going through the ISAA League games undefeated and with only one try scored on us. Mr. Clements and I thoroughly enjoyed working with this crew of wildmen - they played rugby with style, enthusiasm and sportsmanship. Furthermore, when the chips were down as was the case in the match at T.C.S., they had the intestinal fortitude to come from behind and win.

My compliments, Gentlemen.

## Under Fifteen Rugby

Rugby can sometimes be described as a game played by gentlemen with licence to act as animals. This year we had the right combination of both gentleman and animals to produce a winning season and have another good time while doing it. Of eleven games played we won six; three at the expense of U.C.C., two from Rosseau and one from Stouffville.

There were moments of real courage and intelligence as game after game the pack, led by 'Bob' Barker, pushed their way against all opposition in scrums and mauls always tackling tenaciously. The backs sometimes sparkled as Cericola broke through, with blinding speed, to score, or as Mahr at fullback saved us with a sure tackle or a good kick.

However, wits and good sense were perhaps a more vital part of our game strategies this year. One method of attack we developed was to let the opposition backs have the ball and then chase them furiously as they ran backwards down the field. (We tried to avoid giving the ball to our backs too much for fear they might do the same thing). Another useful offensive strategy was to look for an opposing back or fullback who couldn't hold onto the ball and kick it to him. Usually he would bobble the ball from fear of becoming part of the sod as red shirts descended to carry both the ball and back (when attached). A third play was to keep the opposition confused as to whether or not we could actually tackle. The idea here was to pretend you couldn't catch him or were afraid to put your head down and crunch him. Then when his confidence was up and he thought he would fly through all opposition, the same player would meet out a bone crunching

tackle and make it look like an accident. The combination of apparent luck and inconsistency distracted many opponents.

A final strategy was to lull the opposition into thinking they had a chance of victory as we did in our final game at U.C.C. We confused their forwards totally as we lined up on the wrong side of the field to receive the opening kick and then deliberately bobbed the ball twice, kicking it into our end zone and pretending to try and fall on it before they did but allowing them to score. We were so successful and at this point they were so confident they fell asleep and we were able to sneak up on them and win the game.

We continued our policy of playing everyone and making participation and fun most important and we would like to thank all 26 of our players for their participation and efforts. We would like to thank Mr. Smith and Mr. Clements for their expertise and beneficial help and Robert Orr and David Sole for their judicious refereeing. None of the success we had would have been possible without any of these factors.

# TRACK AND FIELD

*Front Row:* Hadeed, B., Lee, J., Keating P., Glynn, S., Amelio, S., Lem, M. *Second Row:* Scanlon, H., Harris, W., Yuschyshyn, A., Smith, P., Aguero, E. *Third Row:* Benito, L., Ashworth, P., Lank, J., Azan, M., Britnell, T. *Fourth Row:* Twiss, M., Fox, R., Peters, R., Tredgett, D., Beckwith, P., Waghorne, G., Mr. J. Lunn.

Although the 1981 track programme lacked the large number athletes it has enjoyed in the past, the two dozen or so boys who trained regularly and proved to be spirited competitors gave quality performances. Thanks to a strong representation from Lower School, the four age divisions were well represented at most of the six meets held. Sutherland (U15-400m), Azan (U17-400m), Benito (U17-Javelin) and McCrae (U20-110L) all qualified for the regionals, one step from the all Ontario meet. The SAC Track and Field day proved once again to be a spirited occasion with Wallace and MacPherson (Flavelle) receiving honours as top class for Lower and Upper school. Many thanks to Mr. West and Mr. Raaflaub for their efforts with the athletes and special thanks to Mr. Bédard for his efforts in handling the administration of the SAC Track programme.

## F I R S T T E A M

Front Row: Bedard, M., Smith, S., Ruhl, B., Eby, B. Second Row: Dunkleman, D., Hart, B., Bedard, P., Mr. D. Timms.

TORNEO INTERNACIONAL DE TENIS - CAMPO DEPORTIVO DEL ESTADO MAYOR PRESIDENCIAL - MEXICO (ESTADO MAYOR PRESIDENCIAL) CANADA (ST. ANDREW'S COLLEGE - DOMINGO 22 DE MARZO)

So runs the poster proclaiming our first international tennis expedition. In March our grade thirteen elite - Scott Smith, Bernie Ruhl, Michael Bedard, Brian Eby - were regally entertained in Mexico City on the invitation of the president of the EMP Club, Mr. Ramon Corona, an Andean, and with the financial assistance of the SAC Association. We even won some tennis games, though we had problems with the lighter balls in the thin air at that elevation. The boys returned laden with gifts and trophies, and with a broken patella (M.B.) which ironically contributed to our downfall two months later.

The Mexicans (fifteen of them!) returned the visit at the end of April, and we had exciting triangular matches with UCC and Ridley. Then we settled down to the serious business of winning the league, and despite the fact that we never could field a full fit team, we carried all before us, ending up as undisputed League Champions. The team was spear-headed by Bjorn 'Bear' Smith who has been preeminent in the ISL for two years; this spring he played twenty sets and lost none. At second singles Peter Bedard went on

a similar hot streak winning ten in a row, though he lost his invincibility on the last day. The injuries to Michael and Brian disturbed the doubles teams where Bernie has been a powerhouse for three years. We finished the league season with an undefeated record of 7 Wins, 2 Ties, 0 Losses; we won 44 sets, lost 12.

Overconfident, we met disaster in the final tournament where we were defending champions. Bear was again unbeatable, but the others all lost key matches they could have won, and on the day we did not deserve to triumph. Even so, we lost only by two tie-breakers which can be traced back to Michael's loss of mobility in Mexico.

The Second Team was also strong, losing only one match. Jeff Woo showed great control at # 1, and Brad Gilliland was a fighter at second single. The doubles were, like Fish Smith, over- and under-whelming in successive sets. With greater consistency and hustle they can fill the vacancies on next year's first team. The Seconds also met disappointment in the final week, for the closing tournament which we had high hopes of winning was abandoned by our competitors.

At the junior level, Greg Bub showed considerable ability. Blaise Hart and David Craig were unbeaten in doubles at the Ridley tournament. With these and others like Bill Gaskey, smashing days lie ahead.

# REVIEW STAFF

*Front Row: Stanborough, P., Faulkner, D., Mewhirter, K., Harris, J., Robertson, S., Crawford, D. Second Row: MacDonald, M., Lank, J., Omstead, F., Wood, P., Schofield, K., Silva, A., Miss D. Austin. Third Row: Mrs. B. Murfitt, Isaacson, D., Omstead, D., Steers, M., Smith, S., Carsar, J., Mr. D. Whitehead. (On assignment in Scotland - Gord Marshall).*

Significant changes mark this edition of the REVIEW. The cover is all new, the number of colour pages has tripled, and the format and allocation of pages is considerably revised. In our opinion it is our best book ever - we hope that you agree and find that the book brings back many pleasant memories.

While the Yearbook group photograph indicates massive student involvement in this publication, only a few were the stalwarts who helped regularly and deserve special mention. Struan Robertson, Phil Wood, Jim Lank and Dave Faulkner were the real strength in the editorial organization. Fred Omstead has served us well in a supervisory capacity for some time now and his presence will be sorely missed next year. Don Crawford worked well as our photographic co-ordinator, and Ariel Silva regularly submitted first rate pictures. Honourable mention as well should go to Mr. Joe Lunn and Mr. Alan Jackson for their photographic efforts. We were also pleased this year that Mrs. Brenda Murfitt assisted us in a monumental way by typing all of the articles. To all of these people - THANKS! You have made my job much easier and far more pleasant.

I hope that those who read this and are in a position to join the Yearbook staff will seriously consider doing so next year. It's a great way to make a positive and more importantly a LASTING contribution to the school.

In conclusion I should like to publicly thank my colleagues and anyone who has in anyway helped with the formulation of the Yearbook over the past six years in which I have been the advisor. Your co-operation and encouragement has been greatly appreciated. I trust that Miss Diane

Austin will receive all the assistance and help necessary as she takes over as advisor to keep our Yearbook 'NUMBER ONE.'

David G. Whitehead

# SPRING IT'S A BLOOMIN' MIRACLE.

Someday soon, in a place near you,  
something extraordinary will happen.

Ice will turn into water.

Fish will swim upstream.

Groundhogs will argue over whose turn it  
is this year.

And all of us will discover warmth and  
sunshine, smiles and sweet fragrances, bright  
colours and new life and soaring spirits.

Prepared by Ronalds-Reynolds & Company Limited

The valley will bloom; birds will sing. Spring  
will be here.

Nature's very own cure for the common cold.  
Get yours while it lasts.

Because, unlike the humble snowflake, Spring  
is here today and gone tomorrow.

As miraculously as it came.

## SPRING

Brought to you by God.

**ust accords, wise treaties,  
and high principled words  
uttered by statesmen are  
the necessary earth in which  
peace and plenty for this  
world can grow. But the true  
seed for a lasting millenium  
is the spread of enlighten-  
ment and education among  
the young.**

ANON.

---

*Allstate congratulates you, St. Andrew's College, for  
your dedication to learning. Truly your harvest is plenty.*

Gerald J. Fournier  
President  
Allstate Insurance Companies of Canada

*FORM IIIA Front:* R.W. Meagher, Esq., Craig I, W.A.S., Chin, M.J., Brett, P.P., Doman II, S.D., Faulkner II, B.K., Dunlap, G.S. *Second:* Cericola, A., Dickins, J.C.J., Devlin-Siegel, W., Aston, J.R., Best, B.M.R., Brooks, C.A.L., Di Rezze, P. *Rear:* Cope, R.C., Anderson I, J.C., De Piero, A.D., Downey, S.M., Bowe, P.L., Dawood, F., Borgo, A.F.

## There are a lot of cars in Canada that shouldn't be on the road. You may meet this problem.

### Head on.

Cars with faulty brakes. Burned out lights. Defective steering. Cars with any number of things wrong with them.

Sooner or later drivers of a lot of these cars run into situations that mechanically they aren't equipped to handle. The result is, at best, a costly repair bill. At worst, bodily injury or death.

As insurance people, the use of these unsound cars horrifies us. They represent an ever-present danger on the highway. And they inflate insurance costs.

We are constantly working with government, community and safety groups to find solutions to this and other problems. We

work for automobile safety standards, and means of making people aware of defects in their own cars (and doing something about them.)

We're involved in these things as insurance people, but more than that, we're involved as Canadians who simply want to make this a better place to live. We want you to understand that.

*FORM 111B Front: Lee H. J., Henriques R.P.C., Leask G.D., MacKenzie A., Lee I. A.Y.C., McNair R.B. Second: Jones H. I.L., Moores M.S., Lamensa J.W.E., Gaskey, W.R., Maura H. C.A., Glynn S.M. Third: Mantas P., Marzari L.J., Gray W.S., Jackman D.N.R., McKee H. L.R., Marsland, M. Rear: Fur L.K., Frank H. T.R., Hinds R.S., Mueller T.H., R. Kinney, Esq.*

You're changing fast and so is the world you live in. One year into the 80's and we've already been shown pictures the like of which man has never seen before, beamed back from Saturn — about 800,000,000 miles away! There's more to come, and you'll be a part of it all. Good luck as you step into the future!

*The first thing, I believe, for mankind is education.  
Whenever anyone does the beginning of anything correctly,  
it is likely also that the end will be right.  
As one sows, so one can expect to reap. If in a young body one sows  
a noble education, this lives and flourishes through the whole of its life,  
and neither rain nor drought destroy it.*
